This book is an E-class buyer's guide, maintenance handbook and technical reference source all wrapped into one. It is full of tech tips, service hints and system descriptions, plus lots of insightful information about the W124 E-Class chassis. This "E-Class Owner's Bible can help steer you through the purchase of your first Mercedes-Benz, provide the information necessary to maintain your E-Class to factory standards, give you the assurance to speak knowledgeably to your service professional and provide you with the hot setup for better road handling. The prospective buyer will also find tips on what to watch out for, why a pre-purchase inspection is important and why one model may be preferred to another. Do-it-Yourself owners will discover a huge hands-on maintenance chapter to help keep their E-Class at peak efficiency. To bring you this authoritative volume, Bentley Publishers has teamed up with Stu Ritter, a 25-year independent Mercedes-Benz repair shop owner/technician and current technical editor of "The Star (the magazine of the Mercedes-Benz Club of America).

This manual has been written for the practical owner who wants to maintain a vehicle in first class condition and carry out the bulk of his or her servicing and repairs. Brief, easy to follow instructions are given, plus many diagrams and illustrations.

Vehicle maintenance.

Poetry. "I am spending my 39th year practicing uncreativity. On Friday, September 1, 2000, I began retyping the day's NEW YORK TIMES word for word, letter for letter, from the upper left hand corner to the lower right hand corner, page by page." With these words, Kenneth Goldsmith embarked upon a project which he termed "uncreative writing", that is: uncreativity as a constraint-based process; uncreativity as a creative practice. By typing page upon page, making no distinction between article, editorial and advertisement, disregarding all typographic and graphical treatments, Goldsmith levels the daily newspaper. DAY is a monument to the ephemeral, comprised of yesterday's news, a fleeting moment concretized, captured, then reframed into the discourse of literature. "When I reach 40, I hope to have cleansed myself of all creativity"-Kenneth Goldsmith.

It has been specially written for the practical owner who wants to maintain a vehicle in first-class condition and carry out the bulk of his or her own servicing and repairs. Comprehensive step-by-step instructions are provided for service and overhaul operations to guide the reader through what might otherwise be unfamiliar and complicated tasks. Twin sisters pull off a daring identity switch in this contemporary classic from the #1 New York Times bestselling author of the Sisterhood series. Atlanta police detective Aggie Jade is still recovering from the raid that nearly killed her and took the life of her partner and former boyfriend. Though she's not ready to hit the streets again, she's desperate to hunt down the cop killers who shattered her world. But there's only one person who can help her in her quest for vengeance-her identical twin sister. Lizzie Jade is as flashy and fiery as Aggie is quiet and conservative-and the high-rolling Vegas gambler loves a challenge. But the gutsy charade gets complicated when sexy investigative reporter Nathan Hawke senses something different about the new Aggie, especially since she suddenly isn't shying away from his flirtations. As they join forces to uncover a web of lies and corruption, Lizzie finds herself giving in to his charms. But how can she confess that she's not who he thinks she is? And how can she let herself fall in love when she and her twin might have to run for their lives? With her signature "real and endearing" (Los Angeles Times) prose and plenty of electrifying suspense, Fern Michaels delivers another unforgettable romantic thriller.

Contains general information for technicians on the specifications, MIL resetting and DTC retrieval, accessory drive belts, timing belts, brakes, oxygen sensors, electric cooling fans, and heater cores of twenty-one types of import cars.
