Blood on the Forge is the story of 3 African-American brothers who leave sharecropping in Kentucky to work in a steel mill in western Pennsylvania. We see the action through two of the brother's experiences in clear and unornamented prose that nevertheless contains a hint of poetry, or perhaps, given one brother's blues guitar playing, music.

[Blood on the Forge by William Attaway - Goodreads](#)

Blood on the Forge is a migration novel by the African-American writer William Attaway set in the steel valley of Pittsburgh, Pennsylvania, during 1919, a time when vast numbers of Black Americans moved northward. Attaway's own family was part of this population shift from South to North when he was a child.

William Attaway was most well-known for the novel, Blood on the Forge, a story of three brothers who escape sharecropping life in the south to migrate north and find a new life of freedom in Pittsburgh, Pennsylvania. Exemplifying a common pattern of movement by many black Americans in the 1920s and 1930s known as the 'Great Migration,' the Moss brothers arrive to work in the steel mills in the north, only to discover inequality in a different context in their new life.

This brutally gripping novel about the African-American Great Migration follows the three Moss brothers, who flee the rural South to work in industries up North. Delivered by day into the searing inferno of the steel mills, by night they encounter a world of surreal devastation, crowded with dogfighters, whores, cripples, strikers, and scabs. Keenly sensitive to character, prophetic in its depiction of environmental degradation and globalized labor, Attaway's novel is an unprecedented confrontation with the realities of American life, offering an apocalyptic vision of the melting pot not as an icon of hope but as an instrument of destruction. Blood on the Forge was first published in 1941, when it attracted the admiring attention of Richard Wright and Ralph Ellison. It is an indispensable account of a major turning point in black history, as well as a triumph of individual style, charged with the concentrated power and poignance of the blues.

After escaping the claws of Corrigan, the Lord Alpha of the Brethren, Mack is trying to lead a quiet lonely life in Inverness in rural Scotland, away from anyone who might happen to be a shapeshifter. However, when she lands a job at an old bookstore owned by a mysterious elderly woman who not only has

a familiar passion for herbal lore but also seems to know more than she should, Mack ends up caught in a maelstrom between the Ministry of Mages, the Fae and the Brethren. Now she has to decide between staying hidden and facing the music, as well as confronting her real feelings for the green eyed power of Corrigan himself. This is the second book in the popular urban fantasy series, Blood Destiny.

This book tests critical reassessments of US radical writing of the 1930s against recent developments in theories of modernism and the avant-garde. Multidisciplinary in approach, it considers poetry, fiction, classical music, commercial art, jazz, and popular contests (such as dance marathons and bingo). Relating close readings to social and economic contexts over the period 1856–1952, it centers in on a key author or text in each chapter, providing an unfolding, chronological narrative, while at the same time offering nuanced updates on existing debates. Part One focuses on the roots of the 1930s proletarian movement in poetry and music of the nineteenth and early twentieth centuries. Part Two analyzes the output of proletarian novelists, considered alongside contemporaneous works by established modernist authors as well as more mainstream, popular titles.

Living in the war-ravaged realm of Eberon, assassin-turned-priest Diran Bastiaan and his half-orc sidekick, Ghaji, make an unlikely pair. One looks like the stuff of nightmares, while the other is "a conduit through which the holy force of Good could work its will in the physical world." Together, they have traveled throughout the archipelagic Lhazaar Principalities sharing numerous wild adventures, but none were as dangerous as the one they currently face. When a gang of bloodthirsty pirates kidnaps Diran's former lover (a beautiful ex-mercenary killer named Makala), the priest of the Silver Flame and his half-breed wingman vow to get her -- and countless other abductees -- back no matter what the cost. But the seafaring raiders are no ordinary criminals; they're led by the infamous vampire Onkar, who in turn serves a being unfathomably more evil than himself... From the Paperback edition.

Gracanica. Kosovo, 1689: Elena, an Albanian peasant girl, has sacrificed her own future to keep her family from starving, but one horrific night they are taken from her, murdered by monsters out of her nightmares. She seeks refuge at the nearby monastery, where she meets Stjepan, a Serbian monk familiar with creatures that stalk the night. Elena longs to return to her farm, but piecing her life back together may be impossible. Stjepan draws her into a dark conspiracy involving an ancient brotherhood, and as war looms, a stranger named Lek appears, threatening to overturn everything she thought she knew about her family and herself. Sarajevo, Bosnia and Herzegovina, 1999: Since surviving the showdown between the vampire Yasamin and the terrorist group S leyman's Blade, Adam Mire has lived in hiding, posing as an unassuming Czech librarian. His life is upended again, however, when a new threat arises--one intent on using Dracula's legacy to unleash another wave of violence across the already war-ravaged nation. Meanwhile, Clara MacIntosh, the love Adam left behind, has come to Eastern Europe to find him. While tracking him down, she becomes entangled in a string of grisly murders--deaths Adam is investigating as well. As they both follow clues literally written in blood, time runs short to unmask the killer before history comes full-circle and chaos engulfs the region again.

Heroes aren't born. They are forged... William Reis never wanted to be a hero. His only ambition is to join the prestigious Smithing guild, something no one from his home has ever achieved. But when he discovers a pair of ancient artifacts while forging his audition piece, he accidentally unleashes a curse that only he can stop. After uncovering a secret plot against his family lineage, Will manages to trick his way into the guild under an assumed name. But when the artifact known as the Blade of Valnijz injures his cousin Duncan, he is horrified to discover that the wound is cursed. Duncan is slowly transformed into an inhuman killing machine, driven by bloodlust and rage. And only a dead god has the power to restore his humanity. Will and Myriam, a fellow guild apprentice, must undergo a treacherous journey to restore the god known as Amder to life. But as the connection between them grows, they are pursued by a sinister high priest who has manipulated events behind the scenes. This shapeshifting madman seeks to reignite an ancient holy war. And unless Will can stop it, everything he holds dear will burn...If you like Jim Butcher, Shane Silvers, Eric Vall, or Rin Chupeco you won't be able to stop reading Blood of a Fallen God.

With this book, Alan Wald launches a bold and passionate account of the U.S. Literary Left from the 1920s through the 1960s. Exiles from a Future Time, the first volume of a trilogy, focuses on the forging of a Communist-led literary tradition in the 1930s. Exploring writers' intimate lives and heartfelt political commitments, Wald draws on original research in scores of archives and personal collections of papers; correspondence and interviews with hundreds of writers and their friends and families; and a treasure trove of unpublished memoirs, fiction, and poetry. In fashioning a "humanscape" of the Literary Left, Wald not only reassesses acclaimed authors but also returns to memory dozens of forgotten, talented writers. The authors range from the familiar Mike Gold, Langston Hughes, and Muriel Rukeyser to William Attaway, John Malcolm Brinnin, Stanley Burnshaw, Joy Davidman, Sol Funaroff, Joseph Freeman, Alfred Hayes, Eugene Clay Holmes, V. J. Jerome, Ruth Lechlitner, and Frances Winwar. Focusing on the formation of the tradition and the organization of the Cultural Left, Wald investigates the "elective affinity" of its avant-garde poets, the "Afro-cosmopolitanism" of its Black radical literary movement, and the uneasy negotiation between feminist concerns and class identity among its women writers.

Megan Conroy thinks she has problems; she's struggling to pass math and with only one year of high school left she still has no idea what she wants to do with her life. She certainly never thought she'd become a witch. A near miss from a speeding car triggers an inexplicable rush of power within her, leading to strange, recurring dreams and encounters with even stranger creatures. After being saved

from a demon by her classmate Finn, she finally starts getting some answers. Meg, he explains, is now an awakened witch; a person whose dormant magic has been brought out by trauma. Real witches, she learns, are nothing like the broomstick-riding figures she's used to from movies. The descendants of an ancient tribe who made an alliance with the Fae, Witani are born with magic and have the ability to see the spirits who oversee the natural world. She receives another shock looking through study abroad brochures when she finds a picture of the same standing stone from her dreams. This prompts her to choose Scotland as her destination, where the stone is located. As she's drawn ever deeper into the secret world of magic and Fae, she wrestles with the dilemma of whether or not to tell her parents about her new life. But it's not long before she has far more to worry about. Her arrival in Scotland sets a series of events in motion that will change her forever; bringing with it new friends, love, and danger.

Discusses the role in African American literature of leaving the South and adjusting to city life

The violence that erupted at Carnegie Steel's giant Homestead mill near Pittsburgh on July 6, 1892, caused a congressional investigation and trials for treason, motivated a nearly successful assassination attempt on Frick, contributed to the defeat of President Benjamin Harrison for a second term, and changed the course of the American labor movement. "The River Ran Red" commemorates the one-hundredth anniversary of the Homestead strike of 1892. Instead of retelling the story of the strike, it recreates the events of that summer in excerpts from contemporary newspapers and magazines, reproductions of pen-and-ink sketches and photographs made on the scene, passages from the congressional investigation that resulted from the strike, first-hand accounts by observers and participants, and poems, songs, and sermons from across the country. Contributions by outstanding scholars provide the context for understanding the social and cultural aspects of the strike, as well as its violence. "The River Ran Red" is the collaboration of a team of writers, archivists, and historians, including Joseph Frazier Wall, who writes of the role of Andrew Carnegie at Homestead, and David Montgomery, who considers the significance of the Homestead Strike for the present. The book is both readable and richly illustrated. It recalls public and personal reactions to an event in our history whose reverberations can still be felt today.
