"Why do you care?"

They were four problem children-put in Torey Hayden's class because no one else knew what to do with them. Together, with the help of a remarkable teacher who cared too much to ever give up, they became almost a family, able to give each other the love and understanding they had found nowhere else.

with a deeply caring nature, but she also struggles with a worrying delusion. She 's been moved from home to home, and her social workers have difficulty dealing with her habit of running away. After experiencing violence, neglect and sexual abuse from people she should have been able to trust, Eloise has developed

complex behavioural needs. She struggles to separate fact from fiction, leading to confusion for the social workers trying to help her. After Torey learns of Eloise's background she hopes that some gentle care and attention can help Eloise gain some sense of security in her life. Can Torey and the other social workers provide

the loving attention that has so far been missing in Eloise's life, or will she run away from them too?

Special-education teacher Torey Hayden's first book, *One Child*, was an international bestseller, thrilling readers on every continent. Their hearts were captured by Sheila, a silent, troubled girl who

had been abandoned on a highway by her mother and abused by her alcoholic father, and who refused to speak. As Hayden writes in the prologue to this book, "This little girl had a profound effect on me. Her courage, her resilience, and her inadvertent ability to express that great, gaping need to be loved that we

all feel -- in short, her humanness -- brought me into contact with my own." Since then Hayden has gone on to write books about many of her students, but her fans continue to ask her, "What happened to Sheila?" The Tiger's Child is her response. Here Hayden tells how Sheila, now a young woman, finally came to

terms with her nightmare  
childhood. When  
Hayden was working on  
One Child, she showed  
the manuscript to Sheila,  
then a teenager, and was  
astonished to find that  
Sheila remembered  
almost nothing of her  
troubled younger years.  
She had no recollection  
of her many clashes with  
her teacher as Hayden  
tried to break through

her emotional pain. And although Hayden had managed to get Sheila to communicate and become an active and lively child, Sheila's home life was still very troubled. Her father had been sent to prison when she was eight and Sheila had run away from a series of foster homes until finally she was placed in a children's

home. But as Hayden continued to renew her relationship with the teenage Sheila, the memories slowly came back, bringing with them feelings of abandonment and hostility.

Overwhelmed by the intensity of her awakening emotions, Sheila was driven to suicidal despair. The Tiger's Child is the

touching, inspiring story of how a maturing Sheila came to perceive her mother not as a monster who willfully cast off her eldest child, but as a weak, forlorn, ordinary human being. Able to appreciate her own strength and resilience, Sheila at last is free to overcome the haunting legacy of child abuse.

Finally, a beginning . . .

The time had finally come. The time I had been waiting for through all these long months that I knew sooner or later had to occur. Now it was here. She had surprised me so much by actually crying that for a moment I did nothing but look at her. Then I gathered her into my arms, hugging her tightly. She clutched

onto my shirt so that I could feel the dull pain of her fingers digging into my skin. She cried and cried and cried. I held her and rocked the chair back and on its rear legs, feeling my arms and chest get damp from the tears and her hot breath and the smallness of the room.
