latest mark is Martin Trebeaux, owner of a private beach renourishment company who has delivered substandard sand to a mob hotel. But there's just one problem: Razor Girl hits the wrong guy. Instead, she ends up with Lane Coolman, talent manager for Buck Nance, the star of a reality TV show about a family of Cajun rooster farmers. Buck Nance, left to perform standup at a Key West bar without his handler, makes enough off-color jokes to incite a brawl, then flees for his life and vanishes. Now a routine promotional appearance has become a missing persons case. And Andrew Yancy, disgraced detective-turned-health inspector, is on the job. That the Razor Girl may be the key to Yancy's future will be as surprising to him as anything else he encounters along the way—including the giant Gambian pouched rats that are

Carl Hiaasen takes us deep in the Everglades with an eccentric eco-avenger, a ticked-off panther, and two kids on a mission to find their missing teacher. Florida—where the animals are wild and the people are wilder! Bunny Starch, the most feared biology teacher ever, is missing. She disappeared after a school field trip to Black Vine Swamp. And, to be honest, the kids in her class are relieved. But when the principal tries to tell the students that Mrs. Starch has been called away on a "family emergency," Nick and Marta just don't buy it. No, they figure the class delinquent, Smoke, has something to do with her disappearance. And he does! But not in the way they think. There's a lot more going on in

tempered, Twilly has dedicated himself to saving Florida's wilderness from runaway destruction. He favors unambiguous political statements -- such as torching Jet-Skis or blowing up banks -- that leave his human targets shaken but re-educated. After watching Stoa blithely dump a trail of fast-food litter out the window, Twilly decides to teach him a lesson. Thus, Stoa's prized Range Rover becomes home to a horde of hungry dung beetles. Which could have been the end to it had Twilly not discovered that Stoa is one of Florida's cockiest and most powerful political fixers, whose latest project is the "mallng" of a pristine Gulf Coast island. This is Oh, the Places You'll Never Go--the ultimate hilarious, cynical, but absolutely realistic view of a college graduate's future. And what he or she can or can't do about it. "This commencement address will never be given, because graduation speakers are supposed to offer encouragement and inspiration. That's not what you need. You need a warning." So begins Carl Hiaasen's attempt to prepare young men and women for their future. And who better to warn them about their precarious paths forward than Carl Hiaasen? The answer, after reading Assume the Worst, is: Nobody. And who better to illustrate--and with those illustrations, expand upon and cement Hiaasen's cynical

point of view--than Roz Chast, best-selling author/illustrator and National Book Award winner? The answer again is easy: Nobody. Following the format of Anna Quindlen's commencement address (Being Perfect) and George Saunders's commencement address (Congratulations, by the way), the collaboration of Hiaasen and Chast might look typical from the outside, but inside it is anything but. This book is bound to be a classic, sold year after year come graduation time. Although it's also a good gift for anyone starting a job, getting married, or recently released from prison. Because it is not just funny. It is, in its own Hiaasen way, extremely wise and even hopeful. Well, it might not be full of hope, but there are certainly enough slivers of the stuff in there to more than keep us all going.

Andrew Yancy—late of the Miami Police and soon-to-be-late of the Monroe County sheriff ' s office—has a human arm in his freezer. There ' s a logical (Hiaasenian) explanation for that, but not for how and why it parted from its shadowy owner. Yancy thinks the boating-accident/shark-luncheon explanation is full of holes, and if he can prove murder, the sheriff might rescue him from his grisly Health Inspector gig (it ' s not called the roach patrol for nothing). But first—this being Hiaasen country—Yancy must negotiate an obstacle course of wildly unpredictable events with a crew of even more wildly unpredictable characters, including his just-ex lover, a hot-blooded fugitive from Kansas; the twitchy widow of the frozen arm; two avariciously optimistic real-estate

speculators; the Bahamian voodoo witch known as the Dragon Queen, whose suitors are blinded unto death by her peculiar charms; Yancy ' s new true love, a kinky coroner; and the eponymous bad monkey, who with hilarious aplomb earns his place among Carl Hiaasen ' s greatest characters. Here is Hiaasen doing what he does better than anyone else: spinning a tale at once fiercely pointed and wickedly funny in which the greedy, the corrupt, and the degraders of what ' s left of pristine Florida—now, of the Bahamas as well—get their comeuppance in mordantly ingenious, diabolically entertaining fashion.

Chaz Perrone might be the only marine scientist in the world who doesn't know which way the Gulf Stream runs. He might also be the only one who went into biology just to make a killing, and now he's found a way—doctoring water samples so that a ruthless agribusiness tycoon can continue illegally dumping fertilizer into the endangered Everglades. When Chaz suspects that his wife, Joey, has figured out his scam, he pushes her overboard from a cruise liner into the night-dark Atlantic. Unfortunately for Chaz, his wife doesn't die in the fall.
