Real Grammar takes a fresh approach to English grammar. Real Grammar gives you freedom to communicate effectively in

## Download Free English Grammar Present Simple And Continuous Tense

English with clarity and confidence. Traditional grammar books tell you what people say. Real Grammar explains why we say it. Learning why will allow you to truly understand English. You will discover the core concepts of English and gain a deeper understanding of how English works. Once you understand the simple connected core concepts of English, you can use them in a variety of situations to express a wide range of ideas. Real Grammar explores English grammar in a logical way, connecting what you learn with what you already know. Real Grammar features:- Simple explanations- Clear diagrams- Real life examples- Meaningful practice

Real Grammar as a teaching resource: As teachers, we want our students to use what they learn in class when they communicate in English. Knowing grammatical structures is one thing, but being able to use them in a natural way can prove challenging. The key is to get the student to understand why. This is done by:- Presenting grammar concepts clearly.- Comparing the new grammar concept to similar grammar concepts the student is already aware of. This helps the students understand the similarities and differences, developing their ability to apply grammar in a way that communicates their thoughts clearly.- Expanding into uses in other situations. We present other contexts that a part of speech is used in, guiding the student to reason, come to their own conclusions, and discover why. Real Grammar includes explanations and practice activities that can be taught as grammar lessons or can be easily integrated into other English classes. [www.realgrammar.com](http://www.realgrammar.com)

The purpose of this book English, like all languages, is full of problems for the foreign learner. Some of these points are easy to explain - for instance, the formation of questions, the difference between since and for, the meaning of after all. Other problems are more tricky, and cause difficulty even for advanced students and teachers. How exactly is the present perfect used? When do we use past tenses to be polite? What are the differences between at, on and in with expressions of place? We can say a chair leg - why not \* a cat leg? When can we use the expression do so? When is the used with superlatives? Is unless the same as if not? What are the differences between come and go, between each and every, between big, large and great, between fairly, quite, rather and pretty? Is it correct to say There's three more bottles in the fridge? How do you actually say  $3 \times 4 = 12$ ? And so on, and so on. Practical English Usage is a guide to problems of this kind. It deals with over 600 points which regularly cause difficulty to foreign students of English. It will be useful, for example, to a learner who is not sure how to use a particular structure, or who has made a mistake and wants to find out why it is wrong. It will also be helpful to a teacher who is looking for a clear explanation of a difficult language point. There is very full coverage of grammar, as well as explanations of a large number of common vocabulary problems. There are also some entries designed to clarify more general questions (e.g. formality, slang, the nature of standard English and dialects) which students and teachers may find themselves concerned with.

Designed for complete beginners. This book focuses on one of the most important English tenses, the present simple. This is the tense that all beginners need to know right from the beginning of their studies so as to progress onto the next level. Just as a building needs a solid foundation, so do all language learners.
