The new edition of the Great Writing series provides clear explanations, extensive models of academic writing and practice to help learners write great sentences, paragraphs, and essays. With expanded vocabulary instruction, sentence-level practice, and National Geographic content to spark ideas, students have the tools they need to become confident writers. Updated in this Edition: Clearly organized units offer the practice students need to become effective independent writers. Each unit includes: Part 1: Elements of Great Writing teaches the fundamentals of organized writing, accurate grammar, and precise mechanics. Part 2: Building Better Vocabulary provides practice with carefully-selected, level-appropriate academic words. Part 3: Building Better Sentences helps writers develop longer and more complex sentences. Part 4: Writing activities allow students to apply what they have learned by guiding them through writing, editing, and revising. Part 5: New Test Prep section gives a test-taking tip and timed task to prepare for high-stakes standardized tests, including IELTS and TOEFL. The new guided online writing activity takes students through the entire writing process with clear models for reference each step of the way. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Following on from Writers at Work: The Paragraph and Writers at Work: the Short Composition, Writers at Work: The Essay will teach the basics of academic essay writing to intermediate-level students. In Writers at Work: The Essay, college and university students use the process approach to write different genres of essays common at the post-secondary level, the most important being expository writing, persuasive writing, and timed essay exams. Each chapter uses the same five-step approach to writing that is used in the two lower-level books. In each chapter, students analyze a model essay, noticing key organizational and linguistic features; brainstorm ideas; write multiple drafts; revise their work; engage in peer reviews; and share their finished work. Chapters recycle and build upon previously taught material.
