"Straight up, parent tested, and funny to boot, Jamie gives you all the information you need." —Amber Dusick, author of Parenting: Illustrated with Crappy Pictures A proven six-step plan to help you toilet train your preschooler quickly and successfully, from potty-training expert, Pied Piper of Poop, and social worker Jamie Glowacki. Worried about potty training? Let Jamie Glowacki, potty-training expert, show you how it's done. Her 6-step, proven process to get your toddler out of diapers and onto the toilet has already worked for tens of thousands of kids and their parents. Here's the good news: your child is probably ready to be potty trained EARLIER than you think (ideally, between 20-30 months), and it can be done FASTER than you expect (most kids get the basics in a few days—but Jamie's got you covered even if it takes a little longer). If you've ever said to yourself: \*\* How do I know if my kid is ready? \*\* Why won't my child poop in the potty? \*\* How do I avoid "potty power struggles"? \*\* How can I get their daycare provider on board? \*\* My kid was doing so well—why is he regressing? \*\* And what about nighttime?! Oh Crap! Potty Training can solve all of these (and other) common issues. This isn't theory, you're not bribing with candy, and there are no gimmicks. This is real-world, from-the-trenches potty training information—all the questions and all the ANSWERS you need to do it once and be done with diapers for good.

"My Little Loves" is a short narrative about the author's pets, mostly felines, and how she and they loved and lived. The author nursed them through sicknesses, and grieved deeply when Harley just would not accept her as his Human. She panicked when Sheba got out of the house, and rejoiced when he was reunited with her. Her love of cats blossomed from a very young age and has only grown over time. My Little Loves is a heart-warming story for all animal lovers, especially those who have been chosen and are owned by their cats.

Ladybird Favourite Nursery Rhymes is a beautiful treasury that every young child should have on his or her bookshelf. It contains over 100 rhymes, each one beautifully illustrated. A gorgeous complete collection, this is ideal for parents to read or sing from, and to pass on the rhymes they knew themselves as a child.
