Combining theory, comparative politics and international relations, Introduction to Politics, Fourth Edition, provides the most comprehensive introduction to the subject for first year undergraduate students, with the most global perspective. Written by three experts in the field, this book takes a balanced approach to the subject, serving as a strong foundation for further study. Assuming no prior knowledge, the authors use an accessible yet analytical approach which encourages critical analysis and debate, helping students to develop the vital skills they need for future studies and employment. The new edition has been fully updated with additional case studies and examples to help students to understand how key theories and principles apply in the context of real-world events. New to the fourth edition is a chapter on 'Non-Western Approaches', which helps students to bring more diverse perspectives to their study of politics. Furthermore, additional coverage of populism has been included, to reflect current events and developments in discourse. This ensures that Introduction to Politics, Fourth Edition is the most contemporary, relevant and essential guide for students new to the study of politics.

<http://www.oupcanada.com/ebrochure/garner/index.html>Now in a Canadian edition, this truly international introduction to politics offers comprehensive coverage of key concepts and ideologies, institutions, and international relations. Balancing theory with a wealth of Canadian and international real world examples, this text equips students with the knowledge required to think critically about the current state of global politics. Intellectually stimulating yet accessible, Introduction to Politics offers students a solid foundation to understanding politics and how it impacts every aspect of our lives.

Series Copy The new Very Short Introductions series offers concise and original introductions to a wide

Access Free Introduction To Politics

range of subjects from politics to classics. Not simply a textbook of definitions, each book in the series provides trenchant, provocative, yet balanced discussions on the central issues of the field, gives a readable historical account of the subject, and demonstrates how each particular area of study has developed and shaped society. Eventually, the series will encompass every major academic discipline, offering readers an affordable, accessible, and complete reference library. Stimulating and lively, the Very Short Introductions are indispensable guides and essential reading for anyone interested in the development of these influential fields. Providing the general reader and the student with an introduction to the central issues of political science, *A Very Short Introduction to Politics* shows how political trends and maneuvers develop and how they help shape our society. Kenneth Minogue, with his lively and popular style, begins with a discussion of issues arising from a historical account of politics, and goes on to offer chapters dealing with the Ancient Greeks and the idea of citizenship; Roman law; medieval Christianity and individualism; freedom since Machiavelli and Hobbes; the challenge of ideologies; democracy, oligarchy, and bureaucracy; power and order in modern society; and politics in the West. Readable and pithy, this entertaining introduction is perfect for anyone looking for an accessible overview of the subject.

This introduction to politics is designed for first-year students in social sciences and for the general reader interested in the basics of contemporary politics. The text's various sections and lecture summaries deal with the important areas of political science, different systems of democratic government, the fall of communism and post-communist politics, as well as issues in Caribbean politics such as globalization, constitutional reform and regional integration.

With an unrivalled combination of exceptional clarity and intelligent analysis, Politics is the perfect introduction to political studies. Written especially for undergraduate students, this is the only introduction to politics to combine genuine accessibility and an analytical approach, encouraging critical study and engaged debate right from the outset of a university course. Alongside comprehensive coverage of concepts, approaches, and ideologies, the book features chapters on all crucial elements of political studies, from institutions and states to security, political economy, civil society, and the media, making it an ideal text for a broad range of courses. Current debates and key developments in contemporary politics are taken into account, with coverage of the rise of populism, Brexit, and the Trump presidency, as well as a broad range of international case studies and examples. Politics also features a lively and accessible design and a range of helpful learning features throughout, including key points, case studies, key debates, key thinkers, key quotes, and questions. The book is also fully supported by online resources to help students take their learning further. For students: - Test your knowledge of the chapters and receive instant feedback with online multiple choice questions. - Take your learning further with relevant web links to reliable online content. - Revise key terms and concepts from the text with a digital flashcard glossary. - Learn more about key thinkers' ideas and backgrounds. For registered lecturers: - Reinforce key themes from each chapter with suggested seminar and essay questions. - Incorporate active learning into your seminars with political scenarios, discussion questions, and teaching notes. - Use the adaptable PowerPoint slides as the basis for lecture presentations or as hand-outs in class. - Assess students' learning with a ready-made test bank, which can be customized to suit your needs.
