Krause Publications' Standard Catalog series is available by specific marque, in individual volumes or a set. Each book contains in-depth profiles of specific makes by model, factory photos, and up-to-date vehicle pricing. The I-to-conditional pricing system assures readers of accurate values, whether a vehicle is a #1 low-mileage, rust-free beauty or a #6 parts-only heap. "Techs & specs", original factory prices, production and serial numbers, and engine/chassis codes are noted by model, thus helping you determine authenticity accuracy. Historical, technical and pricing information are combined from hundreds of sources. James Flammang values each model according to the popular 1-6 grading system invented by Old Cars magazine.

Ask yourself this question: What type of character qualifies the people God chooses to use? The question itself assumes an atypical answer, simply because it leaves out so much. To ask only about one's character seems inadequate when defining a leader. We surely need to ask about character, but also about personality, communication skills, IQ, education, previous experience, and more... don't we? Crawford Loritts disagrees. He answers the question with four simple words: Brokenness, communion, servanthood, and obedience. These four traits form the framework for Leadership as an Identity. By examining each trait, Loritts undermines many pervasive assumptions about leadership that are unbiblical. According to Loritts, God doesn't look for leaders like the world does. He looks for disciples, and ironically, as these disciples follow Him, they will lead.
