John Deere 410 Backhoe - heavy equipment - by owner - sale

The John Deere 4100 utility tractor is equipped with a 1.0 L three-cylinder diesel engine and one of two transmissions: partially synchronized transmission with 8 forward and 4 reverse gears or hydrostatic transmission with infinite (2-range) forward and reverse. The JD 4100 compact utility tractor used the Yanmar 3TNE74 engine.

Ranging from simple model variations to those machines built for specific purposes, this industrial-grade volume chronicles the "other line" of John Deere machinery. A mainstay in heavy industry and construction sites throughout the world, John Deere Industrials begins with coverage of the popular A-series with its yellow paint and the letter "I" added to the model designation that has become the hallmark of these incredible machines. (Delayed from Spring 2002)

"This colossal reference book documents the timeless urge to reshape the world, and the machines used to do so from the 1088's to today.

Download Ebook John Deere 410 Backhoe Engine

From utility tractors and loaders up to the largest diggers and bulldozers, every piece of heavy equipment is listed here by model and manufacturer, making this the most exhaustive book on the world's most hard-working vehicles and machines"--Publisher's description.

Tells how clutches & transmissions work - gear, friction, & hydrostatic. Gives basics of service & repair of major types of drives, transmission, transaxles, & clutches used in compact equipment. Includes troubleshooting guides. It provides the reader with a list of skills & knowledge that should be learned with each chapter. CONTENTS: Basic principles, clutches, mechanical transmissions, hydrostatic transmissions, belt & chain drives, differentials, final drives, power take-offs, service & maintenance & troubleshooting.
