The most trustworthy source of information available today on savings and investments, taxes, money management, home ownership and many other personal finance topics.

Maestro Giacomo Puccini first introduced Italians to the California Gold Rush of 1849 with his opera "La Fanciulla del West." Now Professor Giovanni Tempesta with his brilliant Italian rendition of Robert Service's best rhymes welcomes Italians, Italian-Americans, and students of Italian to the less known and yet magical and romantic world of the 1898 Klondike Gold Rush in the Yukon territory. You will meet such unforgettable characters as Sam McGee, Dan McGrew and the Lady that's known as Lou. You will enjoy the Midnight Sun, the Golden Lights and the savage beauty that is "The Spell of the Yukon." Tempesta's vivid Italian version of Service's poetry begs to be recited out loud, read and re-read and read yet again.

Dispatched by the district attorney to a declining Massachusetts neighborhood to address a case related to a new public relations campaign, state investigator Win Garano becomes involved with a loosely organized association of vigilante police officers.

The American federal court system was created under Article III of the United States Constitution. The federal court system is comprised of 94 District Courts, 13 Courts of Appeals, the Court of Claims, the Court of International Trade, and the Supreme Court. Federal courts differ from state courts in the types of cases they hear and how judges are selected. Readers will learn about the key differences between each type of federal court and the route court cases take in the federal system.

A shifter detective's case heats up when he meets the one woman who could expose his secret—or seduce his wild side—in this steamy paranormal romance. Dr. Emily Drake's psychotherapy patients tend to be a little unusual. Instead of midlife crises and mother fixations, Emily treats vampires with blood phobias and sex-demons looking for meaningful relationships. But healing these powerful beings requires an important rule: Never trust a shifter. Especially not one like Detective Colin Gyth. Helping him catch a killer won't be easy—especially when his gold-flecked eyes and predatory air make Emily long to lose control. Colin can't believe the doctor he has to work with on the Night Butcher murder case is the one person who could expose his true identity as a wolf shifter. Smart and sexy, Emily brings out the alpha male in Colin, unleashing a wild desire that takes them both over the edge . . . . But in the shadows, the Night Butcher waits, eager to spill Emily's blood and taste her terror. And he'll use any means to destroy her, including the one person she has grown to trust . . . "Highly sensual and definitely dangerous." —Shannon McKenna "A cross between CSI and Medium, only hotter and with a hero that truly has bite!" —Jacquelyn Frank
