This bundle includes the first three books of the Mortis Vampire Series. Death Beckons: Working late one night, Natalie Pierce is kidnapped by a creature that looks like a harmless old man, but is something far more terrifying. Waking up in a creepy mausoleum, she is forced to endure three nights of indescribable agony. Her life is forever altered when she is transformed into a monster of myth and legend; a vampire. Lonely and full of despair, she comes face to face with the irresistible and enigmatic Lord Lucentio. Justice bringer for the European Vampire Council, Luc has been sent to Australia to kill Natalie's maker, but someone has already beaten him to it. He quickly discovers that Nat is far from an ordinary fledgling. He suspects that she is Mortis, a figure of both hope and dread among their kind. Natalie is propelled into a dark and mysterious underworld that takes her far away from her hometown of Brisbane. Her arrival was foretold long ago and her fate is already sealed. Nat's entire species is in danger and it is her job to save them. She desperately wants to escape from the burden that has been thrust upon her, but she is inextricably linked to a two thousand year old prophecy. An unknown enemy has begun to whittle down their already limited numbers. If Nat fails to accept her destiny, all vampires will soon cease to exist. Death Embraces: Natalie Pierce awakens to find herself buried in a box that strongly resembles a coffin. After some initial confusion she remembers that she has become a member of a very exclusive club; the living dead. Natalie has three important tasks ahead of her. One: escape from her underground prison. Two: hunt down the creature responsible for imprisoning her. Three: discover who or what is behind the cause of the sentient shadows that only she can see. As the long awaited and highly unanticipated Mortis, Nat has abilities that no other vampire has ever before possessed. She must utilize the strangeness that sets her apart from her new kin to fulfill a prophecy that was written over two thousand years ago. The ancient text predicts that it is her destiny to wipe out the vast bulk of her own kind. Despite all of the weird and wacky powers that she has gained, not even Mortis can avoid her fate. Death Deceives: From the moment she'd been turned into Mortis, Natalie Pierce had been fated to come face to face with the first vampire ever created. Hideously transformed over thousands of years by the diseased blood that runs through his veins, the First had created an army of grey skinned imps. His plan is to enslave humanity and to turn them into a vast herd of cattle to feed his offspring. Nat and her friends are all that stands between the humans and the bat faced, orange eyed imps. Aside from the overwhelming odds against them, Natalie foresaw an even bigger danger. As vampires, they were all highly susceptible to becoming possessed by their shadows. Once that happened, they could then be turned into imps by the First. Luc, Geordie, Igor and Gregor would be doomed from the instant they set foot inside the First's lair. A recent prophecy had foretold that an army would come to Natalie's aid. With many of her new kin already possessed by their shadows, Nat was uncertain where this mystery army would come from. She could only hope that the prophecy would come true. If it didn't, she would be facing the First and his growing army of ravenous offspring alone.
