An exclusive look at one of the world's most successful and controversial companies, and the mysterious family behind it. BMW is arguably the most admired carmaker in the world. It's financial performance is the envy

Mitsubishi

of its competitors, and
BMW products inspire
near-fanatical loyalty.

While many carmakers
struggle with falling
sales, profits and market
share, demand for
BMW's continues to
grow, frequently
outpacing production.

Now, David Kiley-
Detroit Bureau Chief at
USA Today and author
of *Getting the Bugs Out*,

which covered
Volkswagen's demise
and rebirth, goes inside
the fabled German
automaker to see how it
does what it does so
well. With
unprecedented access to
BMW executives, Kiley
goes behind the walls of
BMW's famed "Four
Cylinders" headquarters
in Munich at a time
when the company is in

Mitsubishi

its most aggressive, and some say riskiest, expansion in its history and when some of the company's new products, like the 7 Series sedan and Z4 roadster, are for the first time drawing as many barbs from critics as bouquets. Kiley covers intimate details of the boardroom drama surrounding the

Company's nearly

disastrous acquisition

and subsequent sale of

the British Rover Group

and its expansion into

selling MINI and Rolls

Royce cars. Besides

being a world-class

carmaker, BMW is also

considered one of the

smartest consumer

marketing companies

and Kiley explores the

He also takes a revealing

the wealthiest women in

Europe and Stefan
