161 English tenses exercises to help test and improve grammar. Both form and use are tested with a mixture of conversion, gap-fill and analytical exercises. Thousands of examples are provided in individual sentences, and mixed tenses are tested through unique and entertaining, long-form prose exercises.

The English Tenses Exercise Book drills a solid understanding of the past, present and future in simple, continuous and perfect forms. With thousands of examples of each tense, practising both form and use, this is a perfect companion to reference books and language classes. Each tense is tested separately to help you perfect them, before being brought together in mixed tense exercises that compare and contrast use. Exercises include individual gap-fill sentences, scrambled sentences, reading for information, usage analysis, and error correction, as well as longer prose exercises that demonstrate applied grammar. You'll find educational articles, short stories and even a recipe for homemade bread! This wealth of practice will strengthen your understanding and your confidence, while also providing entertainment thanks to the author's uniquely engaging style. Written by Phil Williams, author of the bestselling reference book, *The English Tenses Practical Grammar Guide*, this exercise book is a must-have for any student of English.

The book "Pathways: Basics of English Language" is designed to be a supplemental study material for young students to learn basics of science including Adjectives, Adverbs, Nouns, Past Tense & Future Tense

A comprehensive guide to the grammatical forms, rules and usage patterns of all 12 aspects of the English language, *The English Tenses: Practical Grammar Guide* is ideal as either an accompaniment to core texts or as a full self-study guide. For English learners of an intermediate level and above, this book introduces the reader to flexible uses of the English tenses, with simple, easy-to-follow explanations and colourful examples. This guide explains the theory behind the grammar of the different aspects of English, as well as the many ways native English speakers adapt the rules. It covers simple, continuous, perfect and perfect continuous forms in the past, present and future, explaining their uses for showing time, emphasis and other purposes. Also covered are the specific applications of bare infinitives, participles and time clauses. Phil Williams, tutor and author of the website "English Lessons Brighton," takes the reader from the past, to present to future, in a friendly, readable style - carefully comparing the tenses along the way. The book offers valuable advice to guide students towards more natural, and fluent, use of advanced English language. It highlights confusing areas in grammar, and compares

individual tenses directly, to show how the rules are applied and can sometimes change.

A Self-Study Grammar Book for Engineers és un llibre d'autoaprenentatge de la llengua anglesa en l'àmbit de les carreres tècniques i, d'una manera especial, per a l'alumnat universitari dins el camp de les enginyeries. Està dividit en tres mòduls ben diferenciats per a facilitar la seva utilització i ordenar les unitats a estudiar en funció de les necessitats específiques de l'alumne en cada moment. En un primer mòdul s'han inclòs 31 unitats de gramàtica i documents específics amb explicacions i exemples bilingües (en català i en castellà), així com exercicis complementaris i les seves solucions respectives. El segon mòdul conté un total de 13 unitats bàsiques, relacionades amb l'anglès per a finalitats específiques: anglès per a la banca i les finances, anglès comercial, anglès per a la producció i el transport, anglès per a la construcció, etc. També en aquest mòdul s'han afegit 6 unitats extres, molt útils com a referència bàsica i sòlida sobre l'anglès americà i l'anglès britànic, friends and false friends, phrasal verbs i opposites. En el tercer i últim mòdul d'aquest llibre hi ha un apèndix amb material essencial per a l'aprenent avançat de la llengua anglesa, com per exemple: abreviacions típiques angleses, taules de conversió i càlcul, els verbs irregulars anglesos traduïts al català i al castellà, el sistema de puntuació anglès, un quadre sinòptic dels temps verbals en anglès, etc. Al final del llibre s'hi pot trobar la bibliografia i una sèrie de webs i enllaços recomanats per ambdues autores per tal de facilitar el procés d'aprenentatge de l'alumne en l'anglès com a llengua estrangera i per a finalitats específiques.
