A groundbreaking book that dissects a slanderous history dating from cinema's earliest days to contemporary Hollywood blockbusters that feature machine-gun wielding and bomb-blowing "evil" Arabs Award-winning film authority Jack G. Shaheen, noting that only Native Americans have been more relentlessly smeared on the silver screen, painstakingly makes his case that "Arab" has remained Hollywood's shameless shorthand for "bad guy," long after the movie industry has shifted its portrayal of other minority groups. In this comprehensive study of over one thousand films, arranged alphabetically in such chapters as "Villains," "Sheikhs," "Cameos," and "Cliffhangers," Shaheen documents the tendency to portray Muslim Arabs as Public Enemy #1—brutal, heartless, uncivilized Others bent on terrorizing civilized Westerners. Shaheen examines how and why such a stereotype has grown and spread in the film industry and what may be done to change Hollywood's defamation of Arabs.

In *Simple & Free*, first published as *7*, Jen Hatmaker gave readers the story of how her reckoning with excess and materialism turned into a social experiment--which soon propelled a spiritual movement. Now, in this study guide, Hatmaker invites us to delve deeper into solutions and practices for our own seven areas of excess--from stress to spending to social media. This nine-week study guide walks us through these excesses and equips us with practical tools for creating solutions--and making this idea a way of life, not just an experiment. Taking the best from *Simple & Free* and packing these points with Scripture followed by prompting questions, this resource is broken down into focused, thematically organized weeks for readers to explore patterns and solutions around sustainability and gratitude in greater depth. What's the payoff from living a deeply reduced life?
