This "Mystery" (love that name - how appropriate!) claims to have a discharge function and to do A123s (well, Li-Fe) or 6s packs which the CBP charger does not. I'll have a review of the CBP Elite 5i but it will probably be awhile since there is much to test and I have other things in the queue to do.

A thrilling retelling by master storyteller Jean Houston of the legendary exploits of the founder of the Iroquois Confederacy, known as the Peacemaker. Under his leadership they created a peaceful democracy among five tribes of Native peoples in the northeastern woodlands. This story has inspired American leaders from Benjamin Franklin to the present-day occupants of the White House, and is shown by Houston to be a potent guide to personal transformation and to the visioning of a peaceful world. Jean draws from the experiential workshops she leads, with the help of Margaret (Peggy) Rubin, to guide readers through group or individual exercises that "bring the story home."

A new year is beginning at Lincoln High School and the first on the scene are the custodians who must prepare everything for opening day. This year's staff is divided between long time senior members and a younger staff. Bill is the newest custodian who must adjust to the many personalities of the people as he learns the history and duties of his job. Bill appears too serious and prefers to read rather than mingle with the other custodians. Sarge is the manager of the group and tries to be a breach between his staff and the Headmaster. In addition to the daily schedules, the men find time for periods of recreation during breaks. Big Jim is the oldest and tells many stories about happenings at Lincoln High. Big Jim isn't talking but rumor has it that the school is haunted. What lurks in the corridors of Lincoln High? Can a multi-cultural staff of Custodians supervised by a pompous Headmaster work together to solve the mystery?

The definitive text on Reiki-for students, practitioners, and Masters alike-from one of the most respected Reiki teachers today. Reiki is a holistic system for balancing, healing, and harmonizing all aspects of the person-body, mind, emotions, and spirit-encouraging deep relaxation and the release of stress and tension, and promoting awareness and spiritual growth. This comprehensive manual provides much-needed support for students and teachers who want to follow the best practices. Covering Reiki levels 1, 2, and 3, this book conveys information in an accessible, structured, and interactive way to enhance the reader's understanding, knowledge, and experience of the practice. The final section of the manual contains reference material specifically for students who wish to become professional practitioners, and for Masters who want to broaden their training. This section also offers the foundation for additional courses or workshops on topics such as health and safety and managing a successful practice. The Reiki Manual can be used: as student preparation before a Reiki class; as a textbook during Reiki courses; as post-course reading, or for reviewing what has already been learned (it includes revision questions and revision activities); by Reiki practitioners to help them practice in the best, most professional way; and by Reiki Masters as a guide to devise and deliver a Reiki course. More extensive than any other Reiki book on the market, The Reiki Manual will be referred to by lay readers as well as devoted students for many years to come!
