This particular worksheet uses a newspaper article to get students to think about traffic police. It includes a range of activities including a true or false section, a role play, and a writing activity. If your students are not quite at this level yet, consider an alternative worksheet to use in your classroom.

39 FREE Newspaper English Worksheets - Busy Teacher

Reading a news report in a second language is demanding, and if the article is too long it will discourage students. If the news report is lengthy, do not be afraid of editing. The style of news articles often means that entire paragraphs can be omitted without affecting the overall sense of the piece.

in 1959. Indeed Lorraine Hansberry's award-winning drama about the hopes and aspirations of a struggling, working-class family living on the South Side of Chicago connected profoundly with the psyche of black America--and changed American theater forever. The play's title comes from a line in Langston Hughes's poem "Harlem," which warns that a dream deferred might "dry up/like a raisin in the sun." "The events of every passing year add resonance to A Raisin in the Sun," said The New York Times. "It is as if history is conspiring to make the play a classic." This Modern Library edition presents the fully restored, uncut version of Hansberry's landmark work with an introduction by Robert Nemiroff.

Designed to improve the reading comprehension of students whose reading ability is below grade level. Factual newspaper articles are presented for students to respond to comprehension questions of "who, what, when, where, and why."

Studying religion in college or university? This book shows you how to perform well on your course tests and examinations, write successful papers, and participate meaningfully in class discussions. You'll learn new skills and also enhance existing ones, which you can put into practice with in-text exercises and assignments. Written by two award-winning instructors, this book identifies the close reading of texts, material culture, and religious actions as the fundamental skill for the study of religion at undergraduate level. It shows how critical analytical thinking about religious actions and ideas is founded on careful, patient, yet creative "reading" of religious stories, rituals, objects, and spaces. The book leads you through the description, analysis, and interpretation of examples from multiple historical periods, cultures, and religious traditions, including primary source material such as Matthew 6:9-13 (the Lord's Prayer), the Gohonzon scroll of the Japanese new religion Soka Gakkai, and the pilgrimage to Mecca (hajj). It provides you with typical assignments you will encounter in your studies, showing you how you might approach tasks such as

reflective, interpretive or summary essays. Further resources, found on the book's website, include bibliographies, and links to useful podcasts.

This book is of interest to mathematics educators, researchers in mathematics education, gender, social justice, equity and democracy in education; and practitioners/teachers interested in the use of project work in mathematics teaching and learning. The book builds theoretical ideas from a careful substantial description of practice, in the attempt to improve both theory and practice in mathematics education. It thus interrogates and develops theoretical research tools for mathematics education and provides ideas for practice in mathematics classrooms.

Designed to improve the reading comprehension of students whose reading ability is below grade level. Factual newspaper articles are presented for students to respond to comprehension questions of "who, what, when, where, and why."

Targeting society and environment: lower primary book.

A great way to help students learn your content is to have them write about it. Writing is a way for students to review their own learning, organize their thinking and evaluate how well they understand what has been taught. Use the 81 tools in this binder to help students in every grade and subject become actively engaged in their own learning. The binder contains everything teachers need to begin using these strategies immediately. Each strategy includes complete how-to-use instructions, teacher materials for classroom use, classroom examples, and a template for student assignments.

Designed to improve the reading comprehension of students whose reading ability is below grade level. Factual newspaper articles are presented for students to respond to comprehension questions of "who, what, when, where, and why."

Learning Primary Geography: Ideas and inspiration from classrooms celebrates children ' s learning in primary geography. It is a book for all student and practising teachers who would like children to learn about their world in an enjoyable and stimulating way. Every page presents inspiring examples of children ' s learning, and explains how and why creative approaches such as enquiry learning, learning outside the classroom, and using imaginative resources work so well in primary geography. Using illustrated case studies from a range of schools and classrooms, each chapter showcases the fantastic work all children can do in primary geography. The book explores a wide variety of geographical learning, with chapters focusing on key aspects of the subject, including: primary geography through the school grounds topical geography through issues and events learning about places in primary geography children ' s agency and action through primary geography Throughout the chapters, the role of primary geography in helping children develop all types of literacies, including spatial, critical and digital literacies, is explored. Written by a highly experienced teacher and lecturer in education, Learning Primary Geography is
