With a Haynes manual, you can do it yourself...from simple maintenance to basic repairs. Haynes writes every book based on a complete teardown of the vehicle. We learn the best ways to do a job and that makes it quicker, easier and cheaper for you. Our books have clear instructions and hundreds of photographs that show each step. Whether you're a beginner or a pro, you can save big with Haynes!

Alan Seeley. Following on from the success of The Motorcycle Book, this extensively illustrated, all-color book provides comprehensive reference for all scooter owners and enthusiasts. From traditional to sports, through big-wheel and Super, all aspects of buying, riding, maintaining and tuning a scooter are included. Whether a beginner or experienced rider, the reader will find all the information they need to get on the road and stay on the road safely. There are detailed sections on how a scooter works and how to keep it running, with extensive maintenance and trouble-shooting chapters.

The aim of this manual is to help readers get the best from their vehicle. It provides information on routine maintenance and servicing and the tasks are described and photographed in a step-by-step sequence so that even a novice can do the work.

With a Haynes manual, you can do it yourself...from simple maintenance to basic repairs. Haynes writes every book based on a complete teardown of the motorcycle. Timmy is going on a school trip around the city. On this trip the class will get to see different types of transportation being used around the city. How many of these transports do you know?

"Sam Manicom's fourth book is a gripping rollercoaster of a two-wheeled journey which takes you riding across the dramatic landscapes of Mexico, the [western] United States and Canada ... There are canyons, cowboys, idyllic beaches, bears, mountains, Californian vineyards, gun-toting policemen with grudges, glaciers, exploding volcanoes, dodgy border crossings and some of the most stunning open roads that a traveller could ever wish to see"--Publisher's description.
