The Fourth Canadian edition maintains this book?s strengths while addressing market changes with new learning objectives, a complete update with over 700 new references to research, theory, application, and context in psychology from all over the world--and a more concise, new design. Engaging narrative frames relevant and contemporary examples that will capture and maintain the attention of anyone studying psychology in Canada. The text continues to provide a unique survey of psychology that meets three goals: to demonstrate the unity and diversity of psychology?s subject matter, to illuminate the research process and its link to application, and to make the material challenging and thought-provoking yet easy to learn. Weiten and McCann deliver a successful balance of scientific authoritativeness and a student-friendly approach through the integration of seven unifying themes, an unparalleled didactic art program, real-life examples, and a streamlined set of learning aids that help students see beyond research to big-picture concepts.

PSYCHOLOGY: THEMES AND VARIATIONS, 10th Edition, helps you experience the excitement of this fascinating field, while helping you study and retain what you learn. Filled with practical ways that you can apply psychology to your everyday life, this best-selling textbook is an experience in learning that you'll remember long after you complete your introductory psychology course. Critical Thinking Applications in every chapter give you specific critical thinking strategies you can apply in all of your courses and in your personal life. Reality Checks, many of which may surprise you, address common misconceptions about psychology. Every chapter of this book offers tools -- such as Concept Charts that provide colorful visual snapshots of key points -- to help you focus on what's important, showing you how to study in ways that help you retain information and do your best on exams.

The Fourth Canadian edition maintains this book's strengths while addressing market changes with new learning objectives, a complete update with over 700 new references to research, theory, application, and context in psychology from all over the world--and a more concise, new design. Engaging narrative frames relevant and contemporary examples that will capture and maintain the attention of anyone studying psychology in Canada. The text continues to provide a unique survey of psychology that meets three goals: to demonstrate the unity and diversity of psychology's subject matter, to illuminate the research process and its link to application, and to make the material challenging and thought-provoking yet easy to learn. Weiten and McCann deliver a successful balance of scientific authoritativeness and a student-friendly approach through the integration of seven unifying themes, an unparalleled didactic art program, real-life examples, and a streamlined set of learning aids that help students see beyond research to big-picture concepts.

PSYCHOLOGY: THEMES AND VARIATIONS, 10th Edition, is a fusion of the full-length and briefer versions that preceded it. The text continues to offer a superb thematic organization together with practical applications and examples that help students see beyond research to big-picture concepts. Often described as a challenging book that is easy to learn from, the book surveys psychology's broad range of content with three aims: to illuminate the process of research and its relationship to application, to show both the unity and diversity of psychology's subject matter, and to help students master the basic concepts and principles of psychology with as little struggle as possible. Weiten's themes provide unifying threads across chapters that help students to see the connections among different research areas in psychology. A dynamic, teaching-oriented illustration program -- including new color-coded Concept Charts -- further enhances these themes. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.
