body immersion, and the more hacking skills you have, the more fun it is. Why bother following the rules when it's so easy to break them? But some rules were made for a reason. Some technology is too dangerous to fool with. And one gamer has been doing exactly that, with murderous results. The government knows that to catch a hacker, you need a hacker. And they've been watching Michael. If he accepts their challenge, Michael will need to go off the VirtNet grid, to the back alleys and corners of the system human eyes have never seen—and it's possible that the line between game and reality will be blurred forever. Also look for James Dashner's Maze Runner series— The Maze Runner, The Scorch Trials, The Death Cure, The Kill Order, and The Fever Code. The first and second books, The Maze Runner and The Scorch Trials, are now major motion pictures featuring the star of MTV's Teen Wolf, Dylan O'Brien; Kaya Scodelario; Aml Ameen; Will Poulter; and Thomas Brodie-Sangster! First published in 1971, *Rules for Radicals* is Saul Alinsky's impassioned counsel to young radicals on how to effect constructive social change and know “the difference between being a realistic radical and being a rhetorical one.” Written in the midst of radical political developments whose direction Alinsky was one of the first to question, this volume exhibits his style at its best. Like Thomas Paine before him, Alinsky was able to combine, both in his person and his writing, the intensity of political engagement with an absolute insistence on rational political discourse and adherence to the American democratic tradition.

As the third *Trial* draws to a close, Thomas and some of his cohorts manage to escape from *WICKED*, their memories having been restored, only to face new dangers as *WICKED* claims to be trying to protect the human race from the deadly *FLARE* virus.

Traces the fateful period after the Earth is decimated by catastrophic solar flares and reveals the stories behind the formation of WICKED, the construction of the Glade, and Thomas' entry into the Maze.

When videogame obsessed Pete Watson discovers his dad is not only a super-spy but has been kidnapped and is now trapped inside a video game, he has to use his super gaming skills and enter the game to rescue him. Will he be able to save his friends and family and the entire world from giant mechanical cockroaches and a massive cyber attack set to take down the world's network? And if he succeeds, who will save Pete from his massive crush on Callie Midwood? From the comedic mind of Joe Schreiber (Lenny Cyrus School Virus, Au Revoir Crazy European Chick, Perry's Killer Playlist), comes an action-packed Alex Rider-meets-Greg Heffley middle grade romp that grabs readers by the funny bone and doesn't let go! Illustrated throughout with black and white comic drawings by Andy Rash.

Derived from a Buddhist funerary text, this famous volume's timeless wisdom includes instructions for attaining enlightenment, preparing for the process of dying, and moving through the various stages of rebirth.
