In the 80th Century, the status-quo of Earth ' s galactic empire must be maintained at any cost, and no human may be killed without a fearful penalty. Yet Christopher Adams, chief of the Dept. of Galactic Investigation, has learned that several men on Aldebaran XII have been killed in an impossible accident, thus breaking both supreme rules. As Adams worries, a stranger appears and states that he is Adams' successor, returned from the future to warn him. Adams knows of only one insignificant experiment in time travel and does not believe him. The stranger says that Asher Sutton, an agent of Adams' is about to return from 61 Cygni after 20 years . . . and must be killed when he lands. So begins Clifford D. Simak's epic tale of time travel and destiny. This is the original version of the novel Time and Again, serialized in the first three issues of Galaxy Magazine in 1950, and featuring a different ending than the novel version.

One hundred years ago, a lord lived happily in his castle. Alcohol flowed freely and the festivities were endless. One day, while he was out hunting, he jostled a young goose herder who was saved in the nick of time by a bonnet maker. The lord always said "Everything in the right place!" and that is what happened, to the lord ' s great chagrin. Over the years, things would change a lot. Hans Christian Andersen (1805-1875) was a Danish author, poet and artist. Celebrated for children ' s literature, his most cherished fairy tales include "The Emperor's New Clothes", "The Little Mermaid", "The Nightingale", "The Steadfast Tin Soldier", "The Snow Queen", "The Ugly Duckling" and "The Little Match Girl". His books have been translated into every living language, and today there is no child or adult that has not met Andersen's whimsical characters. His fairy tales have been adapted to stage and screen countless times, most notably by Disney with the animated films "The Little Mermaid" in 1989 and "Frozen", which is loosely based on "The Snow Queen", in 2013. Thanks to Andersen's contribution to children's literature, his birth date, April 2, is celebrated as International Children's Book Day.

In this electrifying bestseller, the shrewd and voluble trial lawyer Louis Nizer, who made a long career of representing famous people in famous cases, recounts some of his significant civil and criminal cases. Nizer rose to national fame with his real-life accounts of tension-filled courtrooms and the fervor of the advocate, and " My Life in Court " proved to be no expection: it rose to the top of the Times ' s best-seller list on its publication in 1961 and logged 72 weeks as a sales leader. The book is an in-depth collection of some of Mr. Nizer ' s court case success stories, including his client Quentin Reynolds ' famous libel action against the columnist Westbrook Pegler, which would also become the basis of the 1963 Broadway play " A Case of Libel. " Praised by critics as "entertaining and philosophically instructive, an unusual combination," Nizer ' s movie-like plots of real-life courtroom drama will keep you captivated until the very last page.

Implementing IP and Ethernet on the 4G Mobile Network delves into the 4G mobile network that allows an IP packet transmitted by a mobile to be transported to its gateway, reciprocally using the following networks: MPLS-VPN, VPLS and OTN. The mechanisms for the implementation of quality of service (QoS) on the EPS, IP, Ethernet and MPLS networks are presented, as is the security for the LTE radio interface, the NAS messages and the links of the transport (IPSec). In addition, readers will find discussions of the aspects relating to the synchronization of the eNB entities, including SyncE and IEEE 1588 mechanisms. Presents the functional architectures of the 4G mobile network, MPLS-VPN, VPLS and OTN Provides mapping of the marks of 4G mobile network (QCI, ARP), IP (DSCP), Ethernet (PCP) and MPLS (EXP) Includes security in 4G mobile network and IP (IPSec) Covers radio base station synchronization with SyncE

By using a series of studies of contemporary mainstream Hollywood movies - "Blue Velvet, Wall Street, Crimes and Misdemeanors, When Harry Met Sally, Sex Lies and Videotape, Do the Right Thing "- Norman Denzin explores the tension between ideas of the postmodern, and traditional ways of analyzing society. The discussion moves between two forms of text: social theory and cinematic representations of contemporary life. Denzin analyzes the ideas of society embedded in poststructuralism, postmodernism, feminism, cultural studies and Marxism through the ideas of key theorists like Baudrillard, Barthes, Habermas, Jameson, Bourdieu and Derrida. He relates these to the problematic of the postmodern self as exposed in cinema centering on the decisive performance of race, gender and class.

This is a highly illustrated, personal account of Peter Aufschneider's eight-year sojourn in Tibet, characterized by his empathy for and understanding of Tibetan culture and enriched by his photographs and sketches. The text is a sensitive record of the Tibetans and their way of life and ends of the eve of the Chinese invasion that was to wreak such irreversible damage to this unique culture.
