These samples show that our writers comply with the highest quality standards and always display deep knowledge of the subject to complete thesis, research proposal or research paper ordered specifically for a certain university/college, degree and industry.

In addition to a standard first-year legal writing curriculum, most law schools now require upperlevel students to write a sophisticated legal research paper on a topic of their choice. Students often struggle through the scholarly writing process, from finding a topic to polishing a final paper, and many never fully develop and defend a thesis. Scholarly Writing: Ideas, Examples, and Execution offers a lifeline to students, guiding them through the process of constructing their legal research papers from start to finish.With over 10 years combined experience teaching scholarly writing to J.D. and LL.M. students, the authors identify common roadblocks for student writers, and offer advice and techniques for how to successfully overcome these roadblocks. The book walks students through a five-step process for researching and writing scholarly papers and follows five published student papers from idea to final execution as a method of illustrating the principles advocated in the text. This example-based approach sets this book apart from others; the authors not only tell students how to approach their papers, but through annotated excerpts of example papers, they show students how to approach their papers. The book includes up-to-date information about legal research and organizational tools. It also includes “bright ideas” that supplement the text with ideas and examples for student writers. The text may be used as either a required text for a course in Scholarly Legal Writing or a companion guide for students working on scholarly legal writing projects independently.

This Second Edition of Diana Ridley’s bestselling guide to the literature review outlines practical strategies for reading and note taking, and guides the reader on how to conduct a systematic search of the available literature, and uses cases and examples throughout to demonstrate best practice in writing and presenting the review. New to this edition are examples drawn from a wide range of disciplines, a new chapter on conducting a systematic review, increased coverage of issues of evaluating quality and conducting reviews using online sources and online literature and enhanced guidance in dealing with copyright and permissions issues.

Many scientists and engineers consider themselves poor writers or find the writing process difficult. The good news is that you do not have to be a talented writer to produce a good scientific paper, but you do have to be a careful writer. In particular, writing for a peer-reviewed scientific or engineering journal requires learning and executing a specific formula for presenting scientific work. This book is all about teaching the style and conventions of writing for a peer-reviewed scientific journal. From structure to style, titles to tables, abstracts to author lists, this book gives practical advice about the process of writing a paper and getting it published.

Master academic essay writing with this book. Expand your scholarly vocabulary, and adopt academic writing and research skills from practical tips designed from painstaking investigation on students' needs and common mistakes. Do I Need This Book? If you are eager to improve you scores and acquire academic writing from paragraph to essay, this book is for you. Many students even after years of studying can't get used to using academic language. From this book, you will know many useful words and expressions relevant for the scholarly style. If you consider yourself a dummy in academic style writing, you should definitely examine "Move the Rock of Academic Writing" thoroughly and try to follow our advice in practice. What Is the Book About? "Move the Rock of Academic Writing" contains five sections, each of which is divided into subsections. Each section is dedicated to a particular aspect of writing academic papers. After reading all of them, you'll have coherent and full comprehension on how academic papers need to be written. So, what exactly can you learn from the book? The purpose of academic writing: types of academic papers, features of academic writing, usage of active and passive voice. Essay writing structure: general tips on the structure and tips for each part in particular. Academic phrasebook: writing essay titles, verbs for scholarly writing, phrases to use in academic writing, commonly confused words in academic writing. Formatting styles: APA style format guide, MLA formatting and style guide, Chicago style manual, Harvard style guide. Development of academic writing skills: voice in academic writing, paraphrasing, summarizing, mapping out ideas, connecting ideas, enhancing originality. "Move the Rock of Academic Writing" was designed by experienced academic essay writers who have been dealing with academic research and writing for many years. All

the tips and recommendations given in the book were assembled according to students' common mistakes and weaknesses. Theoretical instructions presented in the book are supported with examples. Hopefully, they will ease the process of adapting certain maxims for you. In the book, you will find an academic word list that you can use to make your paper look scholarly. Also, we have presented examples which concern one of the most problematic issues for students about academic writing - grammar. For academic writing, it's crucial to follow the rules of grammar exactly. Therefore, you'll learn some grammatical rules that students usually omit or forget. Though the book encompasses general recommendations about all types of papers, we have mostly focused on essay writing, as this type of paper is the most common. The authors of "Move the Rock of Academic Writing" have gathered all information that a high school student might need for academic writing. It's a handy book that you can refer to anytime you are having difficulties with the scholarly style or when you need to see an academic vocabulary in use from our examples. Purchase our book to improve your scores and writing skills!

George Orwell set out 'to make political writing into an art', and to a wide extent this aim shaped the future of English literature - his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While 1984 and Animal Farm are amongst the most popular classic novels in the English language, this new series of Orwell's essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In Politics and the English Language, the second in the Orwell's Essays series, Orwell takes aim at the language used in politics, which, he says, 'is designed to make lies sound truthful and murder respectable, and to give an appearance of solidity to pure wind'. In an age where the language used in politics is constantly under the microscope, Orwell's Politics and the English Language is just as relevant today, and gives the reader a vital understanding of the tactics at play. 'A writer who can - and must - be rediscovered with every age.' - Irish Times

'A comprehensive, well-written and beautifully organized book on publishing articles in the humanities and social sciences that will help its readers write forward with a first-rate guide as good company.' - Joan Bolker, author of Writing Your Dissertation in Fifteen Minutes a Day 'Humorous, direct, authentic ... a seamless weave of experience, anecdote, and research.' - Kathleen McHugh, professor and director of the UCLA Center for the Study of Women Wendy Laura Belcher's Writing Your Journal Article in Twelve Weeks: A Guide to Academic Publishing Success is a revolutionary approach to enabling academic authors to overcome their anxieties and produce the publications that are essential to succeeding in their fields. Each week, readers learn a particular feature of strong articles and work on revising theirs accordingly. At the end of twelve weeks, they send their article to a journal. This invaluable resource is the only guide that focuses specifically on publishing humanities and social science journal articles.

Give your students the tools they need to write a great research paper with this handbook from The Literacy Essential Series. How to Write a Great Research Paper guides students step-by-step through the research process.
