The Handmade Skateboard is the definitive book on building custom skate decks of all shapes and sizes, from the high-performance street deck to the classic longboard to a vintage pinstripe cruisers that will turn heads everywhere you go. When you make your own skateboard from scratch you have the opportunity to create something that is perfectly tailored to you: a deck that matches your height, your weight, your center of balance, your skill level and your intended use. More importantly, making your own skate deck allows you to design a perfect deck to fit your personal style, making a statement about who you are. There's nothing wrong with choosing off-the-shelf and mass produced, but who doesn't prefer to stand out. Be different. Be one of a kind. That's what you get with a custom handmade skateboard. Whether you are an accomplished woodworker or an absolute beginner, The Handmade Skateboard guides you step-by-step through building five skateboard designs; from a simple Hack Board built in a few spare hours to a high-performance street deck pressed from seven layers of high-quality Maple veneers. A design guide covers everything you need to know about sizing and shaping your deck and choosing the right trucks and hardware. And detailed photos, illustrations and clear written instruction throughout provide all the information and motivation you need to make your own skateboard from scratch.

Go behind the scenes and see how craftsman Meredith Coloma makes custom guitars by hand with this nonfiction book that's full of photographs and illustrations about the incredible process. Discover where the earliest guitars were made and how the instrument has evolved. Then come to the present day to meet Meredith Coloma, someone so passionate about guitars that she learned how to make them by hand. In Meredith's workshop, there are shelves of ebony, maple, spruce, and western red cedar woods. The tool benches are filled with chisels, clamps, and rulers. Curled wood shavings and sawdust cover the floor. The sweet smell of newly cut wood fills the air. Go step-by-step with Meredith through her process of making guitars. Charts, infographics, and bold photographs make this a perfect book for reluctant readers and visual learners.

An instructional guide for serious skaters looking for unusual and innovative tricks.

Tootie Nienow's There Goes Patti McGee! is an uplifting picture book biography of the first-ever professional female skateboarder and winner of the 1964 National Skateboard Championship for Women. Brought to life by Erika Medina's dynamic and joyful illustrations, There Goes Patti McGee! walks us through Patti first place win in the women's division of the 1964 National Skateboard Championship. She wowed the judges with with what would become her signature move!the rolling handstand. Inspiring and unapologetic, Patti McGee proves that anyone can skate.

Skateboarders from across the world act as models for this unique colouring book featuring 60 illustrations of authentic skateboarders for readers to colour in as they please! Street, ramp, downhill and slalom: the Skateboarding Coloring Book lets readers colour all the different styles in skateboarding and follow the development of fashion over the past 40 years, from the Californian pole skaters and knee-high socks of the 1970s to the relaxed, fashion-conscious Brooklyn skaters of the 2000s and the daredevil tricks of the Moscow scene.

BONUS: This edition contains a When Skateboards Will Be Free discussion guide. ¶The revolution is not only inevitable, it is imminent. It is not only imminent, it is quite imminent. And when the time comes, my father will lead it.¶ With a profound gift for capturing the absurd in life, and a deadpan wisdom that comes from surviving a surreal childhood in the Socialist Workers Party, Saïd Sayrafiezadeh has crafted an unsentimental, funny, heartbreaking memoir. Saïd's Iranian-born father and American Jewish mother had one thing in common: their unshakable conviction that the workers' revolution was coming. Separated since their son was nine months old, they each pursued a dream of the perfect socialist society. Pinballing with his mother between makeshift Pittsburgh apartments, falling asleep at party meetings, longing for the luxuries he's taught to despise, Saïd waits for the revolution that never, ever arrives. ¶Soon,¶ his mother assures him, while his long-absent father quixotically runs as a socialist candidate for president in an Iran about to fall under the ayatollahs. Then comes the hostage crisis. The uproar that follows is the first time Saïd hears the word ¶Iran¶ in school. There he is suddenly forced to confront the combustible stew of his identity: as an American, an Iranian, a Jew, a socialist... and a middle-school kid who loves football and video games. Poised perfectly between tragedy and farce, here is a story by a brilliant young writer struggling to break away from the powerful mythologies of his upbringing and create a lifeand a voiceof his own. Saïd Sayrafiezadeh¶ s memoir is unforgettable.

One crazy year on the California coast--in 1975 a hippie skunkworks, bred in garages and shacks, launched the modern skater movement. Strap in for a wild ride replete with two car chases, two plane crashes, a massive truck bomb, Colombian narcotics, the Mafia, senior White House staff, a gypsy fortuneteller, three straight-up miracles, Jacques Cousteau, big piles of cocaine and naked hippie chicks. Author John O'Malley was in the thick of it all, and he retraces the trip that starts with a bang and races to a melt-in-your-mouth ending.

Celebrate the 10th anniversary of the greatest skateboard deck compilation with this special print edition of The Disposable Skateboard Bible. With the release of Disposable: A History of Skateboard Art in 2004, author Sean Cliver made a brilliant attempt at artfully cataloging every important skateboard deck ever released. In the process, he created a classic, but was left feeling less than satisfied. Ever the completist, the gaping omissions in the first book gnawed at him and drove him to envision compiling the ultimate encyclopedia of Skateboard decks. While Disposable was beautiful, capturing the essence of the aesthetic, The Disposable Skateboard Bible sets out to be the ultimate guide. The author's industry insider status (in 1989 he landed his first job as a designer at Powell-Peralta) allows him to guide readers through the culture and experience, the art and the mania of the skate world with authority and expertise. While the boards take center stage, fascinating vignettes and recollections by an A-list of skateboarding personalities from Tony Hawk to Mike Vallely, Mark Gonzales to Stacy Peralta and more.
