Social marketing can help achieve sustainable behaviour change

Social marketing—using marketing tools and techniques to facilitate behavior change—is a proven approach that’s been used for decades in programs addressing public health, social and environmental issues, and international development. It’s not just about creating clever ads, conducting focus groups or leveraging social media.

Using Social Marketing for Behavior Change

This type of initiative provides a platform for change agents, opinion leaders or “Connectors” to make the case for the behavior change and engage in a meaningful dialogue with the target audience. Regardless of how change agents emerge, they can play powerful roles in community building and social change. The challenge for behavior change initiatives is to identify and empower change agents to lead.

This is the definitive textbook for the planning and implementation of programs designed to bring about social change. The authors take key marketing principles and show readers how to apply them to campaigns and efforts to improve health, decrease injuries, protect the environment, build communities, and enhance financial well-being. Social marketing has grown in its sophistication and application to a wider array of social problems, and the Fourth Edition captures the momentum and excitement of this burgeoning field.

Turning Principle into Practice Social Marketing: Changing Behaviors for Good is the definitive textbook for the planning and implementation of programs designed to influence social change. No other text is as comprehensive and foundational when it comes to taking key marketing principles and applying them to campaigns and efforts to influence social action. Nancy R. Lee (a preeminent lecturer, consultant, and author in social marketing) and Philip Kotler (an influential individual in the field who coined the term "social marketing" in 1971 with Gerald Zaltman) demonstrate how traditional marketing principles and techniques are successfully applied to campaigns and efforts to improve health, decrease injuries, protect the environment, build communities and enhance financial well-being. The Fifth Edition contains more than 26 new cases highlighting the 10 step planning model, and a new chapter describing major theories, models and frameworks that inform social marketing strategies and inspire social marketers.

Successful social marketing holds the power to change the world. For almost two decades, Social Marketing: Behavior Change for Social Good has been the definitive guide for designing and implementing memorable social marketing campaigns. Bestselling authors Nancy R. Lee and Philip Kotler present a proven 10 Step Strategic Social Marketing Planning Model and guides students and practitioners through each stage of the process. The new Sixth Edition is packed with more than 25 new cases and dozens of new examples related to today's most pressing social problems including the opioid epidemic, climate change, youth suicide, and more. The new edition also includes significantly expanded coverage of social media. Whether your students are on a mission to improve public health, protect the environment, or galvanize their community, they will find Social Marketing an invaluable resource.

Social marketing is a discipline unfamiliar to many policymakers, often confused with the more frequently applied and studied fields of social media, behavioral economics, or social change. Social marketing is a growing field and methodology, however, that has been successfully applied to improve public health, prevent injuries, protect the environment, engage communities, and improve financial well-being. Policymaking for Citizen Behavior Change is designed to demonstrate the ways in which social marketing can be an effective and efficient tool to change citizens' behavior, and how to advocate for and support its appropriate application. Providing a 10-Step Planning Model and examining a variety of social marketing cases and tools, including more than 40 success stories, Policymaking for Citizen Behavior Change is core reading for current policymakers, as well as all those studying and practicing social marketing, particularly in the public sector. It's also worthwhile supplementary reading for those studying public policy, public administration, environmental justice, public health, and other programs on how to effect social change.

Bestselling authors Nancy R. Lee and Philip Kotler guide students and practitioners through each stage of the social marketing campaign process with their 10 Step Strategic Social Marketing Planning Model. The sixth edition includes expanded coverage of social media, 27 new case studies and dozens of new examples related to today's most pressing social problems, including climate change, youth suicide, the opioid epidemic and more.

Offers an approach to solving a range of social problems - drug use, smoking, unsafe sex, and overpopulation - by applying marketing techniques and concepts to change behaviour. This book shows that effective social change starts with an understanding of the needs of the target consumer.

How can we facilitate more effective, efficient, equitable and sustainable solutions to the problems that confound our communities and world? Social marketing guru R. Craig LeFebvre weaves together multi-level theories of change, research and case studies to explain and illustrate the development of social marketing to address some of society's most vexing problems. The result is a people-centered approach that relies on insight and empathy as much as on data for the inspiration, design and management of programs that strive for changes for good. This text is ideal for students and professionals in health, nonprofit, business, social services, and other areas. "This is it -- the comprehensive, brainy road map for tackling wicked social problems. It's
