Read Book Sociolinguistics An Introduction To

This is a classic book on a fascinating subject. Peter Trudgill examines the close link between language and society and the many factors that influence the way we speak. These range from gender, environment, age, race, class, region and politics.

Trudgill's book surveys languages and societies from all over the world drawing on examples from Afrikaans to Yiddish. He has added a fascinating chapter on the development of a language as a result of a non-native speaker's use of it. Compelling and authoritative, this new edition of a bestselling book is set to redraw the boundaries of the study of sociolinguistics.

argues that the varieties of language should be preserved if the dangers of a culturally standardized world are to be avoided.

In this best-selling introductory textbook, Janet Holmes and Nick Wilson examine the role of language in a variety of social contexts, considering both how language works and how it can be used to signal and interpret various aspects of social identity. Divided into three sections, this book explains basic sociolinguistic concepts in the light of classic approaches as well as introducing more recent research. This fifth edition has been revised and updated throughout using key concepts and examples to guide the reader through this fascinating area, including: a new chapter on identity

study of the relationship between language and society. Building on Ronald Wardhaugh's classic text, co-author Janet Fuller has updated this seventh edition throughout with new discussions exploring language and communities, language and interaction, and sociolinguistic variation, as well as incorporating numerous new exercises and research ideas for today's students. Taking account of new research from the field, the book explores exciting new perspectives drawn from linguistic anthropology, and includes new chapters on pragmatics, discourse analysis, and sociolinguistics and education. With an emphasis on using examples from languages and cultures around the world, chapters address topics including social and regional dialects, multilingualism, discourse

and pragmatics, variation, language in education, and language policy and planning. A new companion website including a wealth of additional online material, as well as a glossary and a variety of new exercises and examples, helps further illuminate the ideas presented in the text. An Introduction to Sociolinguistics, 7th Edition continues to be the most indispensable and accessible introduction to the field of sociolinguistics for students in applied and theoretical linguistics, education, and anthropology.

Why have 1500 separate languages developed in the Pacific region? Why do Danes understand Norwegians better than Norwegians understand Danish? Is Ebonics a language or a dialect? Linguistics tends to ignore the

Punjabi and South Asian English new material on the Gulf War and the 'War on Terror' discussions on language in internet usage and new technologies updated examples and references. With detailed suggestions for further reading and practical work for each chapter, An Introduction to Language and Society is the ideal resource for students and teachers of Communication Studies and Language Studies.

The way we talk is deeply influenced by our class, sex and ethnic background. It can also have a profound effect on how we are perceived by others. Here the author explores the evidence and the huge implications for social and educational policy.

Read Book Sociolinguistics An Introduction To

An Introduction to Language offers an engaging guide to the nature of language, focusing on how language works – its sounds, words, structures, and phrases – all investigated through wide-ranging examples from Old English to contemporary pop culture. Explores the idea of a scientific approach to language, inviting students to consider what qualities of language comprise everyday skills for us, be they sounds, words, phrases, or conversation. Helps shape our understanding of what language is, how it works, and why it is both elegantly complex and essential to who we are. Includes exercises within each chapter to help readers explore key concepts and directly observe the patterns that are part of all human language. Examines linguistic variation
