Improve the writing and speaking skills you use everyday Graceless with grammar? Perplexed by punctuation? Have no fear! This second Australian edition of English Grammar For Dummies explains everything from basic sentence structure to the finer points of grammar. Packed with expert advice, this book will help you to communicate more effectively and make the right impression every time. Structure sentences correctly — learn everything from making verbs agree to understanding clauses Avoid and fix common mistakes — find out how to revise the things your grammar checker underlines Punctuate like a professional — explore the correct use of commas, apostrophes, colons, semicolons and dashes Polish your writing style — discover how good grammar and good style go hand in hand Open the book and find: Ways to accessorise with adjectives and adverbs Tips for pairing the correct pronoun with the noun Advice about how to use numerals in documents Hints for writing emails and slide presentations Explanations of errors missed by spell checkers Learn to: Improve your writing and editing Understand and apply grammar rules Avoid common errors Connect grammar with style

Enterprise 1 and Enterprise 2 each consist of four modules and are designed for learners of English at early-secondary level. The course focuses on the gradual development of all four language skills - listening, reading, speaking and writing. The Student's Book and the Workbook for each level are designed to be covered in approximately 80 to 90 hours of classroom work.

Data is bigger, arrives faster, and comes in a variety of formats—and it all needs to be processed at scale for analytics or machine learning. But how can you process such varied workloads efficiently? Enter Apache Spark. Updated to include Spark 3.0, this second edition shows data engineers and data scientists why structure and unification in Spark matters. Specifically, this book explains how to perform simple and complex data analytics and employ machine learning algorithms. Through step-by-step walk-throughs, code snippets, and notebooks, you'll be able to: Learn Python, SQL, Scala, or Java high-level Structured APIs Understand Spark operations and SQL Engine Inspect, tune, and debug Spark operations with Spark configurations and Spark UI Connect to data sources: JSON, Parquet, CSV, Avro, ORC, Hive, S3, or Kafka Perform analytics on batch and streaming data using Structured Streaming Build

Places grammar theory in context with practical instruction strategies, explains why students often don't understand or apply grammar correctly, and demonstrates how to create a workshop environment that supports grammar and mechanics concepts.

"Hilarious...This book charmed my socks off." —Patricia O’Conner, New York Times Book Review Mary Norris has spent more than three decades working in The New Yorker’s renowned copy department, helping to maintain its celebrated high standards. In *Between You & Me*, she brings her vast experience with grammar and usage, her good cheer and irreverence, and her finely sharpened pencils to help the rest of us in a boisterous language book as full of life as it is of practical advice. Named a Best Book of the Year by NPR, Amazon, Wall Street Journal, Publishers Weekly, Kirkus, and Library Journal.
