The book is journey through 5000 years of evolution of Hinduism, and is outcome of seven years of study to understand the roots of Hinduism. Tracing the genesis of Hinduism to pre-Indus Valley period, the book explains Hindu, Hinduism and Sanatana Dharma, before it takes one through Hinduism's oldest scriptures - the four Vedas, the four components of each Veda, and what they contain. How all original translations of Vedic texts were done by Western Sanskrit scholars, and why their works have left scope for doubt about the fidelity of translations. The yajnas (yagya) like Ashvamedha, Rajsooya, Vajpeya, etc., about which we only hear on TV serials and talk shows, have been demystified. The reader will be taken aback reading the sheer size and scale of Soma yajna, described step by step, in great detail. Hinduism's journey to the Age of Reason, the Upanishads, its encounter with Buddhism, and its transformation into idol worshipping society with many gods and a multitude of stories about its millions of gods is lucidly explained. Puranas, what they contain and what was the reason they were created, has been described and explained next. Hinduism's journey to its modern form - idol worship, the modern puja, detailed description of puja and Sanskaras like Vivaha, their detailed description, the meaning of each action and how they are conducted, the gift to the priest, types of idols, their consecration, all are explained to help a reader understand the why and the how of what we do as a Hindu. The book concludes with a discussion of - Do mantras have power? & Do rituals have meaning?

Srimad-Bhagavatam, an epic philosophical and literary classic, holds a prominent position in India's voluminous written wisdom. The timeless wisdom of India is expressed in the Vedas, ancient Sanskrit texts that touches upon all fields of human knowledge. Originally preserved through oral tradition, the Vedas were first put into writing by Srila Vyasadeva, the "literary incarnation of God." After compiling the Vedas, Srila Vyasadeva was inspired by his spiritual master to present their profound essence in the form of Srimad-Bhagavatam. Known as "the ripened fruit of the tree of Vedic literature," Srimad-Bhagavatam is the most complete and authoritative exposition of Vedic knowledge. After writing the Bhagavatam, Vyasa taught it to his son, Shukadeva Goswami, who later spoke the Bhagavatam to Maharaja Parikshit in an assembly of sages on the bank of the sacred Ganges River. Although Maharaja Parikshit was a great rajarshi (saintly king) and the emperor of the world, when he received notice of his death seven days in advance, he renounced his entire kingdom and retired to the bank of the Ganges to seek spiritual enlightenment. The questions of King Parikshit and Shukadeva Goswami's illuminating answers, concerning everything from the nature of the self to the origin of the universe, are the basis of Srimad-Bhagavatam. This edition of Bhagavatam is the only complete English translation with an elaborate and scholarly commentary, and it is the first edition widely available to the English-reading public. This work is the product of the scholarly and devotional effort of His Divine Grace A. C. Bhaktivedanta Swami Prabhupada, the world's most distinguished teacher of Indian religious and philosophical thought. His Sanskrit scholarship and intimate familiarity with Vedic culture combine to reveal to the West a magnificent exposition of this important classic.

Forget NASA's elaborate arrangements and huge, dangerous metal machines. Learn the easy way to journey through the solar system. Using subtle, spiritual energy you can travel to other planets and see the wonders of God's creation. Or you can choose to travel beyond the material creation to your eternal home with Krishna. Easy Journey to Other Planets gives a bird's-eye view of the vast cosmos and spiritual world, so you can intelligently choose your travel destination.

Three thousand years ago, deep inside the forests of India, a great 'thought revolution' was brewing. In those forest labs, the brightest thinker-philosophers contemplated the universe, reflected on ancient texts called the Vedas and came up with startling insights into questions we still don't have final answers to, like: • What is the universe made of? • How do I know I'm looking at a tree when I see one? • Who am I? My body, my mind, my intelligence, my emotions, or none of the above? And where did they put those explosive findings? In a sprawling body of goosebumpy and fascinating oral literature called the Upanishads! Intimidated? Don't be! For this joyful, fun guide to some of India's longest-lasting secular wisdoms, reinterpreted for first-time explorers by Roopa Pai, is guaranteed to keep you turning the pages. Why haven't you read it yet?

First Ebook Edition - March 2016

Srimad-Bhagavatam, an epic philosophical and literary classic, holds a prominent position in India's voluminous written wisdom. This ancient text touches upon all fields of human knowledge.

This is a condensed version of a long Purana of 18,000 verses. By means of stories from the lives of avatars, sages, and kings, it popularized the teaching of the Vedas. To study it is the best of all ways to become acquainted with the living religion of India today. The nineteenth century saint Ramakrishna said of the Bhagavatam, "It is fried in the butter of Knowledge and steeped in the honey of Love." At regular intervals through the text, the chapters being condensed are designated by Book and Chapter numbers. Each interval is appropriate in length for a daily reading, and there are 365 intervals.

Lord Kapila is a renowned sage and the author of the philosophical system known as Sankhya, which forms an important part of India's ancient philosophical heritage. Sankhya is a system of metaphysics that deals with the elemental principles of the universe; it is also a system of spiritual knowledge, with its own methodology, and culminates in full consciousness of the Supreme Absolute. Lord Kapila, however, is not an ordinary philosopher or sage but an incarnation of God. This book deals with his answers to his mother's enquiry about how to overcome ignorance and delusion and attain spiritual enlightenment. The underlying theme running throughout his answers and throughout Srila Prabhupada's commentaries on them is that one can achieve this goal by practicing bhakti-yoga, the process of linking one's heart to the Lord's heart through loving devotional service. This series, with original Sanskrit, translations, and purports, sheds light on such topics as the significance of the guru, the psychology of consciousness, the characteristics of a self-realized person, the science of meditation, the nature of transcendental knowledge, and the process of ultimate liberation.
