How do we know the Bible is God ' s Word? What is sin and where did it come from? How is Jesus fully God and fully man? What are spiritual gifts? When and how will Christ return? If you ' ve asked questions like these, then "systematic theology" is no abstract term. It ' s an approach to finding answers every Christian needs to know. Bible Doctrine takes a highly commended upper-level textbook on systematic theology and makes it accessible to the average reader. Abridged from Wayne Grudem ' s award-winning Systematic Theology, Bible Doctrine covers the same essentials of the faith, giving you a firm grasp on seven key topics: The Doctrine of the Word of God The Doctrine of God The Doctrine of Man The Doctrine of Christ The Doctrine of the Application of Redemption The Doctrine of the Church The Doctrine of the Future Like Systematic Theology, this book is marked by its clarity, its strong scriptural emphasis, its thoroughness in scope and detail, and its treatment of such timely topics as spiritual warfare and the gifts of the Spirit. But you don ' t need to have had several years of Bible school to reap the full benefits of Bible Doctrine. It ' s easy to understand--and it ' s packed with solid, biblical answers to your most important questions.

If we were to compile the biggest questions pertaining to life, we would face some daunting submissions: Does God exist? What is God like? How will it all end? In this accessible book Erik Thoennes—a preaching pastor and theology professor—asks and answers 15 of the most important questions we can ask about God, the Bible, Jesus, and the church. Readers will find his answers clear, helpful, and above all biblical. Life ' s Biggest Questions is a great resource for new Christians and for those looking for concise ways to answer difficult questions. Each chapter concludes with a Scripture verse for meditation and memorization, questions for application and discussion, and suggestions for further study.

Zondervan Get an A! Study Guides provide trustworthy information and easy access. Six pages packed with critical information provide an ideal study aid for students and a quick, helpful reference for pastors. No more hunting through textbooks, laboring over self-made study cards, or fumbling with sticky notes. Six durable, three-hole-punched, laminated pages provide a quick and trustworthy overview of basic Christian theology derived from Wayne Grudem s popular Bible Doctrine. Great for understanding the doctrines, preparing for exams, refreshing your memory, writing papers, or preparing sermons."

The 4th edition of this widely used guide to reading and interpreting the New Testament This revised edition of Gundry's survey of the New Testament goes beyond providing background information and technical introductory material and leads students to read the New Testament itself. Whenever possible general questions of introduction and background are tied to assigned readings covering the entire New Testament. In addition, comments on these readings help students with interpretation and follow the flow of thought from one passage to another. Features include: \* New design with four-color format and more photos and improved maps \* Chapters begin with list, of study goals and end with summary, overview and of people, places, terms to remember, and review questions \* Outlines, section headings, subheadings, and bolded items make it easy to follow structure of discussion \* Phonetic pronunciations for unfamiliar names and terms \* Breakouts with illustrative quotes from ancient, nonbiblical literature \* Discussion questions on the contemporary relevance of the New Testament \* Updated bibliographies \* Conservative evangelical theological perspective also notes other positions and literature

This new edition of Systematic Theology by Wayne Grudem may be the most important resource you can own for helping you understand Scripture and grow as a Christian. The most widely used resource of the last 25 years in its area, Systematic Theology by Wayne Grudem has been thoroughly revised and expanded (all 57 chapters) for the first time while retaining the features that have made it the standard in its field: clear explanations, an emphasis on each doctrine's scriptural basis, and practical applications to daily life. Praise for the second edition: "After a quarter century of remarkable usefulness globally . . . it remains remarkable. I thank God for this precious gift to Christ's people worldwide." - John Piper "Stands out for its clarity and accessibility." - Thomas R. Schreiner "One of those rare works that can challenge the scholar and instruct the beginner . . . It is simply indispensable." - Jack Deere With nearly 200 pages of new content and revisions that took several years, this new edition now includes the following distinctive features, making it even better: Updated, fuller analysis of several recent controversies within evangelicalism, including the eternal relationship between the Father and the Son in the Trinity, the question of God's atemporal eternity, the role of women in the church, "seeker-sensitive" churches, miraculous gifts of the Holy Spirit, and contemporary worship music. New, thoughtful critiques of open theism, the "new perspective on Paul," Molinism (or "middle knowledge"), "Free Grace" theology, and the preterist view of Christ's second coming Completely revised, stronger chapter on the clarity of Scripture Completely revised, stronger chapter on creation and evolution, including a longer critique of theistic evolution and an extensive discussion on the age of the earth New discussion of how biblical inerrancy applies to some specific "problem verses" in the Gospels Additional material respectfully explaining evangelical Protestant differences with Roman Catholicism (with extensive interaction with the Catechism of the Roman Catholic Church), Protestant liberalism, and Mormonism Completely updated bibliographies All Scripture quotations updated from RSV to ESV An explanation of why monogenes in John 3:16 and elsewhere should be translated as "only begotten" rather than merely "only" (this is a change from the first edition) A contemporary worship song added at the end of each chapter (while retaining the traditional hymns as well) New discussion on the impassibility of God An extensive discussion on the eternal submission of the Son to the Father, taking into account controversies in recent years Updated section on contemporary worship music A discussion of recent criticisms of the penal substitutionary view of the atonement Numerous other updates and corrections that have been prompted by letters and emails from people around the world and by interaction with the students Wayne has taught over the last 26 years both at Trinity Evangelical Divinity School and at Phoenix Seminary Part of the brilliance of Systematic Theology over the years has been its simplicity and ease of use. Each chapter follows the same structure. First, there is discussion of the doctrine being considered, such as justification or the Trinity or the deity of Christ. An explanation of that doctrine's biblical support and possible objections follow. Personal application and key terms to know for personal growth are then provided. Chapters also include a Scripture memory passage, references to other literature on the topic, and suggested hymns and worship songs. If you are someone who thinks theology is hard to understand or boring, then this new edition of Systematic Theology will likely change your mind.

No. 3 in the 2002 Academy of Parish Clergy Top Ten Books of the Year! Cities--the anvil of civilization, the center of power, the metaphor for society itself--have been with us for thousands of years. Here converge piety and trade, security and politics. Yet just two hundred years ago only 3 percent of the world's population lived in cities. Today half does. Despite this tremendous explosion of urban growth, the work of the church has generally lagged behind. The city presents serious challenges that cry out for answers: poverty, racism, human exploitation and government corruption. How can the church move ahead in the midst of these demands with the gospel of hope? Here, in one comprehensive volume, Harvie Conn and Manuel Ortiz, two noted scholars and proven practitioners of urban ministry, address the vital work of the church in the city. Their dual goal: to understand the city and God's work in it. Through four great waves of development, Conn and Ortiz trace the history of the city around the world. Then they tackle the critical issue of a biblical basis for urban mission. How does the Bible view the city? Are we closer to God in the country than the city? Does the Bible have an anti-urban bias? These questions are given a thorough analysis that

unveils God's urban mandate as reflected in both Old and New Testaments. From this foundation the authors unpack the multifaceted nature of the city as place, as process, as center, as power, and as a place of change and stability. They move us beyond fragmented stereotypes to a new way of seeing that is holistic enough for a fully biblical ministry to develop. In addition, Conn and Ortiz lay out what the social sciences have to offer urban mission, including ethnographic and demographic studies. While showing how such studies have identified unreached cities and unreached groups within cities, they do not become captive to research but demonstrate how to keep kingdom priorities in view. Finally, Urban Ministry focuses on the essential element of leadership. While there are many books on the topic, little has been said about the particular issues and needs of urban leadership. Therefore, the authors give significant attention to developing and mentoring leaders while equipping the laity for ministry in the city. This is the essential text for bringing God's kingdom to the city through the people of God.
