it would be very hard for a  
guitar student to start  
reading the scores of the  
traditional choro  
repertoire, most of them  
with large number of  
technical difficulties. It  
would be much better if they

# Where To Download The Brazilian Masters The

could start with some easier  
pieces - of intermediate  
level - in order to be  
presented to the choro  
language in a more gradual  
and appropriate manner. That  
is the main goal of this  
book. It has 13 studies (in

the 13 more commonly used  
keys for the choro guitar)  
written in a reduced form  
and in the principal  
stylistic choro variants:  
besides real choros, there  
are polkas, maxixes,  
Brazilian tangos and xotis.

the more used and  
characteristic rhythmical  
figurations are present in  
each of the studies as the  
principal. Also aiming at  
the simplification of  
execution, all studies were  
composed with only two

Voices (melody and bass) and  
with no chords (although  
harmonies are quite evident  
due to the choro melodic  
particularities). A CD with  
all 13 studies is included.
