Integrating key concepts and ideas about public speaking into a clear, step-by-step, transformational method, *Power Speaking* teaches emerging speakers how to grow the necessary skills and unleash their inner power. Divided into proficiency levels-mastering the basics, making the connection, and polishing the core-this guide allows speakers to conquer public speaking systematically. Readers start with the use of voice and body movements, then move on to learn the use of personal stories, intent listening, and positioning or reframing a topic. Allworth Press, an imprint of Skyhorse Publishing, publishes a broad range of books on the visual and performing arts, with emphasis on the business of art. Our titles cover subjects such as graphic design, theater, branding, fine art, photography, interior design, writing, acting, film, how to start careers, business and legal forms, business practices, and more. While we don't aspire to publish a New York Times bestseller or a national bestseller, we are deeply committed to quality books that help creative professionals succeed and thrive. We often publish in areas overlooked by other publishers and welcome the author whose expertise can help our audience of readers.

The room darkens and grows hushed, all eyes to the front as the screen comes to life. Eagerly the audience starts to thumb the pages of their handouts, following along breathlessly as the slides go by one after the other... We're not sure what the expected outcome was when PowerPoint first emerged as the industry standard model of presentation, but reality has shown few positive results. Research reveals that there is much about this format that audiences positively dislike, and that the old school rules of classical rhetoric are still as effective as they ever were for maximizing impact. Renowned communications researcher, consultant, and speech coach Max Atkinson presents these findings and more in a groundbreaking and refreshing approach that highlights the secrets of successful communication, and shows how anyone can put these into practice and become an effective speaker or presenter. Topics Include: DT How to win and hold the attention of audiences; DT Using visual aids and PowerPoint more effectively; DT Getting your message across and winning applause; DT Inspiring audiences; DT How to prepare quickly; DT Fact and fiction about body language and non-verbal communication

You probably hate giving presentations. You probably hate listening to them too. Why? Because most business presentations are too long, too detailed, too boring...and submerged under a blizzard of PowerPoint. But the single most important presentational tool known to man isn't a slideshow. It's you. Whether you're speaking to one person across a table, 20 people in a boardroom or 1,000 people in a ballroom, it's all about the words you say and how you say them. The Presentation Coach shows you how to use what you've already got to give you clarity, confidence and impact in every speaking challenge you will ever face. You'll learn the unique Bare Knuckle 5-step process to effective presenting, and how to apply it to all business speaking, from large-scale presentations to one-to-one client meetings. Graham Davies has been coaching high-profile individuals from the worlds of business,

A heart-rending but uplifting story of the human spirit's ability to prevail. From the day he is five-years-old and dropped off at his foster home of the next eleven years, Stephen is mentally and physically tortured. No one in the system can help him. No one can tell him if he has a family. No one can tell him why, with obvious African-American features, he has the last name of Klakowicz. Along the way, a single faint light comes only from a neighbor's small acts of kindness and caring—and a box of books. From one of those books he learns that he has to fight in any way he can—for victory is in the battle. His victory is to excel in school. Against all odds, the author succeeded. He attended college, graduated, became a successful corporate executive, and married a wonderful woman with whom he established a loving family of his own. Through it, he dug voraciously through records and files and found his history, his birth family—and the ultimate disappointment as some family members embrace him, but others reject him. Readers won't be the same after reading this powerful story. They will share in the hurts and despair but also in the triumph against daunting obstacles. They will share this story with their family, with their friends, with their neighbors.

This book provides all you should know about overcoming nerves, feeling comfortable about yourself in
