On 4 June 1942 one of the most powerful figures of the Nazi regime died in agony from wounds sustained during an assassination attempt in Prague. This is the story of the killing of Reinhard Heydrich, a man of extraordinary intelligence, ruthlessness and ambition who had risen from obscurity to become head of the Nazi security police and Governor of Bohemia-Moravia. Regarded by many as Hitler's most likely successor, he was feared and hated even by other high-ranking Nazi officials.Heydrich's death caused shockwaves throughout the Nazi leadership, provoking ferocious reprisals against Czechs and Jews. Those who carried out the assassination were hunted down, and, trapped like rats in the cellar of a Prague church, committed suicide rather than face the certainty of torture and execution at the hands of the SS.Based on original archive material, interviews with surviving members of the Special Operations Executive, who trained the Czech assassins in the UK, and Czech military intelligence, Callum MacDonald's book is a well-researched and gripping account of one of the most audacious assassinations of the Second World War.

A chilling biography of the head of Nazi Germany's terror apparatus, a key player in the Third Reich whose full story has never before been told. Reinhard Heydrich is widely recognized as one of the great iconic villains of the twentieth century, an appalling figure even within the context of the Nazi leadership. Chief of the Nazi Criminal Police, the SS Security Service, and the Gestapo, ruthless overlord of Nazi-occupied Bohemia and Moravia, and leading planner of the "Final Solution," Heydrich played a central role in Hitler's Germany. He shouldered a major share of responsibility for some of the worst Nazi atrocities, and up to his assassination in Prague in 1942, he was widely seen as one of the most dangerous men in Nazi Germany. Yet Heydrich has received remarkably modest attention in the extensive literature of the Third Reich. Robert Gerwarth weaves together little-known stories of Heydrich's private life with his deeds as head of the Nazi Reich Security Main Office. Fully exploring Heydrich's progression from a privileged middle-class youth to a rapacious mass murderer, Gerwarth sheds new light on the complexity of Heydrich's adult character, his motivations, the incremental steps that led to unimaginable atrocities, and the consequences of his murderous efforts toward re-creating the entire ethnic makeup of Europe. "This admirable biography makes plausible what actually happened and makes human what we might prefer to dismiss as monstrous."—Timothy Snyder, Wall Street Journal "[A] probing biography.... Gerwarth's fine study shows in chilling detail how genocide emerged from the practicalities of implementing a demented belief system."—Publishers Weekly "A thoroughly documented, scholarly, and eminently readable account of this mass murderer."—The New Republic

Profiles the life of Reinhard Heydrich, head of the Gestapo and the man in charge of the Nazi death camps.

A biographical account of the professional ambition, military training, ideological fanaticism, rise to power, and career as head of the SS intelligence service of the man who oversaw Hitler's Final Solution

In Masters of Death, Pulitzer Prize-winning author Rhodes gives full weight, for the first time, to the Einsatzgruppen's role in the Holocaust. These "special task forces," organized by Heinrich Himmler to follow the German army as it advanced into eastern Poland and Russia, were the agents of the first phase of the Final Solution. They murdered more than 1.5 million men, women, and children between 1941 and 1943, often by shooting them into killing pits, as at Bab? Yar. These massive crimes have been generally overlooked or underestimated by Holocaust historians, who have focused on the gas chambers. In this painstaking account, Pulitzer Prize-winning author Richard Rhodes profiles the eastern campaign's architects as well as its "ordinary" soldiers and policemen, and helps us understand how such men were conditioned to carry out mass murder. Marshaling a vast array of documents and the testimony of perpetrators and survivors, this book is an essential contribution to our understanding of the Holocaust and World War II.

A true account of Hitler's rise to power in Germany, from Pre-WWI Germany up to Hitler's invasion of Poland in 1939. The book includes accounts of historical events including the reign of Otto von Bismarck, aspects of the Holy Roman Empire, events of WWI, Weimar Republic, formation of the Soviet Union, and other historical events of the era. Adolf Hitler understood the power of perception, and specifically concerning the manner in which humans process such perceptions in our never-ending pursuit of contentment. Perceptions define who we are, our beliefs, our values, who we love and who we hate, and all within perceptual spatial proximity of others, and as such can be used to control us. The ability of government leaders to use this knowledge in creating a leadership environment that portends to support our definitions of contentment thus have the power of bohemian persuasion over us.

Prague, 1940-1942. The Nazi-occupied city is locked in a reign of terror under Reinhard Heydrich. The Jewish community experience increasing levels of persecution, as rumours start to swirl of deportation and an unknown, but widely feared, fate. Amidst the chaos and devastation, Marie Bader, a widow age 56, has found love again with a widower, her cousin Ernst Löwy. Ernst has fled to Greece and the two correspond in a series of deeply heartfelt letters which provide a unique perspective on this period of heightening tension and anguish for the Jewish community. The letters paint a vivid, moving and often dramatic picture of Jewish life in occupied Prague, the way Nazi persecution affected Marie, her increasingly strained family relationships, as well as the effect on the wider Jewish community whilst Heydrich, one of the key architects and executioners of the Holocaust and Reich Protector in Bohemia and Moravia, established the Theresienstadt ghetto and began to organize the deportation of Jews. Through this deeply personal and moving account, the realities of Jewish life in Heydrich's Prague are dramatically revealed.

The extraordinary account of one of the most daring World War II missions, as told in the movie Anthropoid If anyone warranted assassination during World War II, the man to know was Reinhard Heydrich (1904–1942)—chief of the security police, rabid anti-Semite, architect of the Final Solution, ruthless overlord of Nazi-occupied Czechoslovakia, and Hitler's most likely successor. In 1941, at the height of the Nazis' seeming invincibility, the Czech government-in-exile launched a desperate operation to kill Heydrich. From the assassins' training in England to their Thermopylae-like last stand in the flooded crypt of a Prague church, and the Nazis' savage reprisals (including the obliteration of two villages), The Killing of Reinhard Heydrich brilliantly recounts one of World War II's most daring and tragic missions.

Volume 11, The Holocaust: Selected Documents in Eighteen Volumes. Introduction by Robert Wolfe, Chief, Modern Military Branch, U.S. National Archives. About six weeks after the Nazi invasion of the Soviet Union, Reichsmarschall Hermann Goering ordered Reinhard Heydrich, Chief of the Security Police, to make preparations for a "total solution" of the Jewish question in Nazi-dominated Europe. One of the results of this order was the conference Am Grossen Wannsee in Berlin on January 20, 1942. Members of a number of German government agencies attended the meeting, at which the "Endlösung" or "Final Solution" was discussed and outlined, together with related topics, such as the treatment of part-Jews and a plan for shipping all Jews to Madagascar. Heydrich proposed that with the aid of the agencies represented, the Jews were to be collected and deported to the East. These discussions are summarized in the Wannsee Protocol and related documents reproduced in both English and German in this volume. Also included is a 1944 report by the U.S. Office of Strategic Services, in which two escapees describe what happened to the deported Jews in the Auschwitz concentration camp. Contains 2 documents of source materials, carefully chosen from the thousands preserved at the U.S. National Archives. A Little Village Called Lidice, first published in 1947, is an impassioned account of the World War II atrocity committed by the Nazis in Lidice, Czechoslovakia. The reprisal was ordered by Hitler following the assassination of Nazi leader Reinhard Heydrich on May 27, 1942 outside of Prague. On June 9, 1942, Gestapo and other German forces entered the small village of Lidice (chosen apparently at random by the Nazis), rounded up all men and male teenagers 15 and over, and executed them by firing squad (173 in all). Their bodies were placed in a common grave. Some women were also executed, with most transported to concentration camps. A handful of the approximately 100 village children were removed from their mothers to be raised by German families, but over 80 were sent to their death in the extermination camp at Chelms, where they were placed in sealed trucks and gassed. Following the executions, the village was razed by fire, leveled by explosives, then bulldozed into rubble. The village's famous cherry orchards were also uprooted and destroyed, a small lake was filled-in, and a stream diverted. Grass was planted so that the village was, in effect, obliterated. At war's end, only a few women and 17 Lidice children survived to return to the village. Following the war, houses for a new Lidice were built near the site of the original village, and a memorial erected in honor of those who were killed. Author Zdena Trinka (1892-1967) was a native of North Dakota who wrote a number of additional books, mostly concerning the history of North Dakota. She escaped the Nazi invasion of Czechoslovakia while on a visit.
