The Recognitions—my favourite Gaddis, although he wrote several wonderful books—delves deeply into the theme amongst the most intriguing to me in a novel: exploration of the dichotomy between the increase in both man's material well-being and his spiritual anguish in this, the modern age of consumer capitalism and progressive democracy; an age in which even the sacred and the beautiful are debauched by being made to sell themselves in the

This was Gaddis's first novel published when he was 32 and more than 40 years on it is at the very heart of his enviable literary reputation. It has now come to be seen as a Janus-faced text that looks back in its complexity to the great Modernists of the inter-war years such as Joyce and Faulkner and forward to the post-war American writers such as Barth, Coover, Pynchon, De Lillo and Gass ...

William Gaddis was the author of five novels. He was born in New York December 29, 1922. The circumstances why he left Harvard in his senior year are mysterious. He worked for The New Yorker for a spell in the 1950s, and absorbed experiences at the bohemian parties and happenings, to be later used as material in The Recognitions. Travel provided further resources of experience in Mexico, in Costa Rica, in Spain and Africa and, perhaps strangest to imagine of him, he was employed for a few ...

A postmodern masterpiece about fraud and forgery by one of the most distinctive, accomplished novelists of the last century. The Recognitions is a sweeping depiction of a world in which everything that anyone recognizes as beautiful or true or good emerges as anything but: our world. The book is a masquerade, moving from New England to New York to Madrid, from the art world to the underworld, but it centers on the story of Wyatt Gwyon, the son of a New England

minister, who forsakes religion to devote himself to painting, only to despair of his inspiration. In expiation, he will paint nothing but flawless copies of his revered old masters—copies, however, that find their way into the hands of a sinister financial wizard by the name of Recktall Brown, who of course sells them as the real thing. Dismissed uncomprehendingly by reviewers on publication in 1955 and ignored by the literary world for decades after, *The Recognitions* is now established as one of the great American novels, immensely ambitious and entirely unique, a book of wild, Boschian inspiration and outrageous comedy that is also profoundly serious and sad.

A rerelease of a classic satirical work uses the reception of William Gaddis's 1955 *The Recognitions* as a case study to argue that the book-review media is an inaccurate and prejudiced system that favors safe and predictable books over works that challenge conventional literary expectations. Reprint.

A novel of forgery, emotional and spiritual, as well as actual, with background ranging from New York and New England to a monastery outside Madrid.

William Gaddis published four novels during his lifetime, immense and complex books that helped inaugurate a new movement in American letters. Now comes his final work of fiction, a subtle, concentrated culmination of his art and ideas. For more than fifty years Gaddis collected notes for a book about the mechanization of the arts, told by way of a social history of the player piano in America. In the years before his death in 1998, he distilled the whole mass into a fiction, a dramatic monologue by an elderly man with a terminal illness. Continuing Gaddis's career-long reflection on those aspects of corporate technological culture that are uniquely destructive of

the arts, Agape Agape is a stunning achievement from one of the indisputable masters of postwar American fiction.

This story of raging comedy and despair centers on the tempestuous marriage of an heiress and a Vietnam veteran. From their "carpenter gothic" rented house, Paul sets himself up as a media consultant for Reverend Ude, an evangelist mounting a grand crusade that conveniently suits a mining combine bidding to take over an ore strike on the site of Ude's African mission. At the still center of the breakneck action--revealed in Gaddis's inimitable virtuoso dialogue—is Paul's wife, Liz, and over it all looms the

shadowy figure of McCandless, a geologist from whom Paul and Liz rent their house. As Paul mishandles the situation, his wife takes the geologist to her bed and a fire and aborted assassination occur; Ude issues a call to arms as harrowing as any Jeremiad--and Armageddon comes rapidly closer. Displaying Gaddis's inimitable virtuoso dialogue, and his startling treatments of violence and sexuality, Carpenter's Gothic "shows again that Gaddis is among the first rank of contemporary American writers" (Malcolm Bradbury, The Washington Post Book World).

A dazzling fourth novel by the author of The Recognitions, Carpenter's Gothic, and JR uses his
