yet happy New Year's is the most important celebration of Japanese culture, and the quiet aesthetic practice of Moon-viewing in the fall the most elegant expression of Pan-Asian Buddhism=religion, the subject of this book, Blossom-viewing ? which generally means sitting down together in vast crowds to drink, dance, sing and otherwise enjoy the flowering cherry in full-bloom ? is less a rite than a riot (a word originally meaning an ?uproar?). The major carnival of the year, it is unusual for being held on a date that is not determined by astronomy, astrology or the accidents of history as most such events are in literate cultures. It takes place whenever the cherry trees are good and ready. Enjoyed in the flesh, the blossom-viewing, or hanami, is also of the mind, so much so, in fact, that poetry is often credited with the spread of the practice over the centuries from the Imperial courts to the maids of Edo. Nobles enjoyed link-verse contests presided over by famous poet-judges. Hermits hung poems feting this flower of flowers (to say the generic ?flower?= hana in Japanese connotes ?cherry!?) on strips of paper from the branches of lone trees where only the wind would read them. In the Occident, too, flowers embody beauty and serve as reminders of mortality, but there is no flower that, like the cherry blossom, stands for all flowers. Even the rose, by any name, cannot compare with the sakura in depth and breadth of poetic trope or viewing practice. In Cherry Blossom

Perfume blogger Polly is in crisis. Will her husband's absence break her ... or make her? A novel of perfumes, exploring life, love, loss and forgiveness -- Maggie Alderson's new bestseller. 'Delicious and delightful in every way' Daily Mail Are you still married if you haven't seen your husband for months? Polly's life is great. Her children are away at uni, her glamorous mother -- still modelling at eighty-five -- is happily settled in a retirement village, and her perfume blog is taking off. Then her husband announces he needs some space and promptly vanishes. As Polly grapples with her bewildering situation, she clings to a few new friends to keep her going -

Shirlee, the loudmouthed yoga student; Guy, the mysterious, infuriating and hugely talented perfumer; and Edward, an old flame from university. And while she distracts herself with the heady world of luxury perfume, Polly knows she can't keep reality at bay forever. Eventually she is forced to confront some difficult truths: about her husband, herself and who she really wants to be.

Not many people in the medical world are talking about how being afraid can make us sick—but the truth is that fear, left untreated, becomes a serious risk factor for conditions from heart disease to diabetes to cancer. Now Lissa Rankin, M.D., explains why we need to heal ourselves from the fear that puts our health at risk and robs our lives of joy—and shows us how fear can ultimately cure us by opening our eyes to all that needs healing in our lives. Drawing on peer-reviewed studies and powerful true stories, *The Fear Cure* presents a breakthrough understanding of fear's effects and charts a path back to wellness and wholeness on every level. We learn:

- How a fearful thought translates into physiological changes that predispose us to illness
- How to tell true fear (the kind that arises from a genuine threat) from false fear (which triggers stress responses that undermine health)
- How to tune in to the voice of courage inside—our "Inner Pilot Light"
- How to reshape our relationship to uncertainty

so that it's no longer something to dread, but a doorway to new possibilities • What our fears can teach us about who we really are At the intersection of science and spirituality, *The Fear Cure* identifies the Four Fearful Assumptions that lie at the root of all fears—from the sense that we're alone in the universe to the belief that we can't handle losing what we love—and shifts them into Four Courage-Cultivating Truths that pave our way to not only physical well-being, but profound awakening. Using exercises from a wide range of mind-body practices and spiritual traditions, Dr. Rankin teaches us how to map our own courage-cultivating journey, write a personalized Prescription for Courage, and step into a more authentic life.

A revolutionary new educational model that encourages educators to provide spaces for students to display their academic brilliance without sacrificing their identities Building on the ideas introduced in his New York Times best-selling book, *For White Folks Who Teach in the Hood*, Christopher Emdin introduces an alternative educational model that will help students (and teachers) celebrate ratchet identity in the classroom. Ratchetdemic advocates for a new kind of student identity—one that bridges the seemingly disparate worlds of the ivory tower and the urban classroom. Because modern schooling often centers whiteness, Emdin argues, it dismisses ratchet identity

(the embodying of “negative” characteristics associated with lowbrow culture, often thought to be possessed by people of a particular ethnic, racial, or socioeconomic status) as anti-intellectual and punishes young people for straying from these alleged “academic norms,” leaving young people in classrooms frustrated and uninspired. These deviations, Emdin explains, include so-called “disruptive behavior” and a celebration of hip-hop music and culture. Emdin argues that being “ratchetdemic,” or both ratchet and academic (like having rap battles about science, for example), can empower students to embrace themselves, their backgrounds, and their education as parts of a whole, not disparate identities. This means celebrating protest, disrupting the status quo, and reclaiming the genius of youth in the classroom.

Black Cherry Blossom delves into a life left behind by Beth, a woman with a hidden past of pain and insecurity. With her broken heart stabbing at her from the inside and a soul lost to time, a familiar face forces her to recognise the person she once was, and the agony that left her tormented and moulded as a woman living one life and craving another. With her dreams gift-wrapped and presented to her out of the blue, will she choose to take the risk of more heartbreak or decide to remain safe but unfulfilled? Or will fate take her into its

grasp and decide itself? This story will touch the heart of every woman who has ever desperately loved. It teaches of the true value of forgiveness, the pain of heartbreak, the grief of loss, and forces us to realise the deep running emotion in both our heart and soul.

Intended for readers of 16+

Sometimes we just daydream about wishing what we want out of life. Other times it comes in an episode as our heads sleep on a pillow. Maybe one of those realistic dreams is a sight into a future event. Let us see what happens in these short stories where the variety and outcomes will have you amazed. Take your time, for it is now your turn Per Chance To Dream... This book is dedicated to all of the readers and fans of my novels. It is those people who fuel my desire to continue.
