Throughout history there have been women, endowed with  
curiosity and abundant spirit, who stepped out of the cave, cast off  
the shackles of expectation, and struck out for new territory. In this  
ode to bold, brash, and sometimes just plain dangerous women,  
Barbara Holland reanimates those rebels who defied convention  
and challenged authority on a truly grand scale: they traveled the  
world, commanded pirate ships, spied on the enemy, established  
foreign countries, scaled 19,000-foot passes, and lobbied to change  
the Constitution. Some were merry and flamboyant; others

depressive and solitary. Some dressed up as men; others cherished their Victorian gowns. Many were ambivalent or absentminded mothers. But every one of them was fearless, eccentric, and fiercely independent. Barbara Holland evokes their energy in this unconventional book that will acquaint you with the likes of Grace O' Malley, a blazing terror of the Irish seas in the 1500s, and surprise you with a fresh perspective on legends like Bonnie Parker of "Bonnie and Clyde" fame. With wit, wisdom, and irreverent flair, *They Went Whistling* makes a compelling case for the virtue of getting into trouble.

Celebrates the lives of women whose roles in society were marked by adventure, rebellion, and distinctively non-conforming gender roles including Joan of Arc, Cleopatra, Amelia Earhart, Daisy Bates, and Mata Hari.

Memoirs, autobiographies, and diaries represent the most personal and most intimate of genres, as well as one of the most abundant and popular. Gain new understanding and better serve your readers with this detailed genre guide to nearly 700 titles that also includes notes on more than 2,800 read-alike and other related titles. \* A list of subjects and suggested "read-alikes" accompany each title \* Appendixes cover awards, websites, and resources \* Detailed indexes provide further points of access

Throughout history women have caused wars, defied the rules, and brought men to their knees. The famous and the infamous, queens, divorc é es, actresses, and outlaws have created a ruckus during their lifetimes-turning heads while making waves. Scandalous Women tells the stories of the risk takers who have flouted convention, beaten the odds, and determined the course of world events. \*When Cleopatra (69 BC-30 BC) wasn't bathing in asses' milk, the last pharaoh of the Ptolemaic dynasty ruled Egypt and forged an important political alliance with Rome against her

enemies-until her dalliance with Marc Antony turned the empire against her. \*Emilie du Châtelet (1706-1748), a mathematician, physicist, author, and paramour of one of the greatest minds in France, Voltaire, shocked society with her unorthodox lifestyle and intellectual prowess-and became a leader in the study of theoretical physics in France at a time when the sciences were ruled by men.

\*Long before Rosa Parks refused to give up her seat on the bus, Ida B. Wells-Barnett (1862-1928) fought to end discrimination and the terrible crime of lynching and helped found the NAACP, but became known as a difficult woman for her refusal to compromise and was largely lost in the annals of history. \*Gertrude Bell (1868-1926) had a passion for archaeology and languages, and left her privileged world behind to become one of the foremost chroniclers of British imperialism in the Middle East, and one of the architects of the modern nation of Iraq.

In Westerns, women transmit complicated cultural coding about the nature of westward expansionism, heroism, family life, manliness and American femininity. As the genre changes and matures, depictions of women have transitioned from traditional to more modern roles. Frontier Feminine charts these significant shifts in the Western's transmission of gender values and expectations and aims to expand the critical arena in which Western film is situated by acknowledging the importance of women in this genre.

Voting is an important part of being an American. At one time, however, it was a right that only men enjoyed. That changed when a determined woman named Susan B. Anthony spoke up—and acted on her beliefs. She was so sure of her cause that she was more than willing to go to court and state her case in front of everyone, regardless of the threat of imprisonment. Her passion showed the country that something was wrong. Women rallied behind her. Men came to see that women's voices were powerful and important not only in the home but also in the world at large. Anthony did not live

long enough to see her vision for women realized. However, thanks to her years of countless speeches, writing, and hard work, along with the efforts of Elizabeth Cady Stanton, Alice Paul, and many others, women finally achieved what they rightfully deserved: the right to vote.

Chronicles the life of the first woman to run for United States president, who was also one of the first women in the United States to run a stock trading business and publish a weekly newspaper.

A Washington Post Bestseller "Beautifully written . . . sharply detailed recollections . . . compelling, both touching and funny...Holland writes with breezy elegance and a sly wit." -The New York Times Book Review The author deemed "a national treasure" finally tells her own story, with this sharp and atmospheric memoir of a postwar American childhood. Barbara Holland finally brings her wit and wisdom to the one subject her fans have been clamoring for for years: herself. When All the World Was Young is Holland's memoir of growing up in Washington, D.C. during the 1940s and 50s, and is a deliciously subversive, sensitive journey into her past. Mixing politics with personal meditations on fatherhood, mothers and their duties, and "the long dark night of junior high school," Holland gives readers a unique and sharp-eyed look at history as well as hard-earned insight into her own life. A shy, awkward girl with an overbearing stepfather and a bookworm mother, Holland surprises everyone by growing up into the confident, brainy, successful writer she is today. Tough, funny, and nostalgic yet unsentimental, When All the World Was Young is a true pleasure to read.

With characteristic elegance and delicious wit, Barbara Holland, ("a national treasure," -Philadelphia Inquirer) celebrates the age-old act of drinking in this gimlet-eyed survey of man's relationship with booze, since the joyful discovery ten thousand years ago, of

fermented fruits and grains. In this spirited paean to alcohol, two parts cultural history, one part personal meditation, Holland takes readers on a bacchanalian romp through the Fertile Crescent, the Mermaid Tavern, Plymouth Rock, and Capitol Hill and reveals, as Faulkner famously once said, how civilization indeed begins with fermentation. Filled with tasty tidbits about distillers, bootleggers, taverns, hangovers, and Alcoholics Anonymous, *The Joy of Drinking* is a fascinating portrait of the world of pleasures fermented and distilled.

In 1990, Barbara Holland inherited her mother's summer cabin in the northern Blue Ridge Mountains. She quit her job in Philadelphia, said goodbye to friends and family, and moved into a different world. On the mountain she wrestled with winter isolation, stoked the woodstove and learned to live with the wildlife. Just as she settled into this gentle world where crime was a toolbox stolen from the back of a pickup truck, it began to change. The suburbs were moving in, changing the very bedrock of the community.
