Everything kids need to create and star in their own video! YouTube has won the hearts, minds, and eyes of kids around the globe. Young people everywhere are making their mark on this popular platform—some of them even gaining massive followings, worldwide recognition, and the paychecks that come along with it. While lots of youngsters are happy to be spectators, others are hungry to create and star in YouTube content of their own—and this book shows them how. Written for kids in a language they can understand, this book helps budding filmmakers and producers create their own videos—no matter the subject. It offers creators the insight on how to plan and shoot quality videos, install and use video editing tools, and post the final product to YouTube. Apply tricks that pro filmmakers use for better shots, lighting, and sound Edit your video, add transitions, insert a soundtrack, and spice things up with effects Shoot and share your video gaming exploits Share finished videos with family, friends, and the world For any kid interested in joining the YouTube revolution, this book is the perfect place to start!

Over 2 million copies sold worldwide! Be inspired to create and build amazing models with your LEGO® bricks! The LEGO Ideas Book is packed full of tips from expert LEGO builders on how to make jet planes reach new heights, create fantastic fortresses, swing through lush jungles, have fun on the farm and send space shuttles out of this world! This awesome ideas book is divided into six themed chapters - transport, buildings, space, kingdoms, adventure, and useful makes - to inspire every member of the family to get building. With over 500 models and ideas, this book is perfect for any LEGO fan - young or young at heart - who want to make their models cool, fun and imaginative. ©2020 The LEGO Group.

A wonderful new book is coming from Random House Children's Books.

The easy way for kids to get started with filmmaking If you've been bitten by the filmmaking bug—even if you don't have a background in video or access to fancy equipment—Digital Filmmaking For Kids makes it easy to get up and running with digital filmmaking! This fun and friendly guide walks you through a ton of cool projects that introduce you to all stages of filmmaking. Packed with full-color photos, easy-to-follow instruction, and simple examples, it shows you how to write a script, create a storyboard, pick a set, light a scene, master top-quality sound, frame and shoot, edit, add special effects, and share your finished product with friends or a global audience. Anyone can take a selfie or upload a silly video to YouTube—but it takes practice and skill to shoot professional-looking frames and make your own short film. Written by a film and video professional who has taught hundreds of students, this kid-accessible guide provides you with hands-on projects that make it fun to learn all aspects of video production, from planning to scripting to filming to
