political process.

Wingnuts exist on the extreme edges of the political spectrum. They're the professional polarizers and the unhinged activists, the hardcore haters and the paranoid conspiracy theorists. They're people who always try to divide us instead of unite us. And at a time when the fringe is blurring with the base, they've hijacked American politics. The Obama era has been a boom-time for Wingnuts, kicked off by a financial collapse and the election America's first black president. For some, losing an election feels like living under tyranny. John Avlon tracks down preachers who pray for the president's death, goes inside the

growing "Hatriot" militia movement, and identifies the fright-wing swamp where the Obama "Birthers" and the Bush-era "9/11 Truthers" bubble up. Wingnuts echo earlier fear-fueled movements in American history. But bolstered by the rise of hyper-partisan media, the Wingnut echo chamber is more influential than ever before and it has led directly to the division and dysfunction in Congress. Avlon asserts that the time has come for the moderate majority of Americans to straighten their civic backbone and hold the extremes accountable while restoring a sense of perspective to our politics.

FUNNY. FRIGHTENING. TRUE. It happens to all of us:

You're minding your own business, when some idiot informs you that guns are evil, the Prius will save the planet, or the rich have to finally start paying their fair share of taxes. Just go away! you think to yourself -- but they only become more obnoxious. Your heart rate quickens. You start to sweat. You can't get away. Your only hope is... ..this book. Glenn Beck, author of the #1 New York Times bestsellers *An Inconvenient Book* and *Glenn Beck's Common Sense*, has stumbled upon the secret formula to winning arguments against people with big mouths but small minds: knowing the facts. And this book is full of them. The next time your Idiot Friends tell you how gun control prevents gun violence, you'll tell them all about England's handgun

Read PDF Wingnuts How The Lunatic Fringe Is Hijacking America John P Avlon

ban (see page 53). When they tell you that we should copy the UK's health-care system, you'll recount the horrifying facts you read on page 244. And the next time an idiot tells you that vegetable prices will skyrocket without illegal workers, you'll stop saying "no, they won't" and you'll start saying, "actually, eliminating all illegal labor will cause us to spend just \$8 a year more on produce." (See page 139.) Idiots can't be identified through voting records, they can be found only by looking for people who hide behind stereotypes, embrace partisanship, and believe that bumper sticker slogans are a substitute for common sense. If you know someone who fits the bill, then Arguing with Idiots will help you silence them once

"A vivid portrait...and thoughtful consideration of George Washington's wisdom that couldn't be timelier" (Kirkus Reviews, starred review). A revealing look at the first President's Farewell Address, a still-relevant warning against partisan politics and foreign entanglements. George Washington's Farewell Address was a prophetic letter he wrote to his fellow citizens and signed from a "parting friend," addressing the forces he feared could destroy our democracy: hyper-partisanship, excessive debt, and foreign wars. In it, Washington called for unity among "citizens by birth or choice," advocated moderation, defended religious pluralism, proposed a foreign

Read PDF Wingnuts How The Lunatic Fringe Is Hijacking America John P Avlon

policy of independence (not isolation), and proposed that education is essential to democracy. He established the precedent for the peaceful transfer of power. Washington's urgent message was adopted by Jefferson after years of opposition and quoted by Lincoln in defense of the Union. Woodrow Wilson invoked it for nation-building; Eisenhower for Cold War; Reagan for religion. Once celebrated as civic scripture, more widely reprinted than the Declaration of Independence, the Farewell Address is now almost forgotten. Yet its message remains starkly relevant today. In Washington's Farewell, John Avlon offers a stunning portrait of our first president and his battle to save America from self-destruction. Washington's

Farewell “brings to light Washington's goodbye by elucidating what it meant not only during the early days of the republic, but its lasting effect through the centuries” (Library Journal, starred review). Now the Farewell Address may inspire a new generation to re-center their politics and reunite our nation through the lessons rooted in Washington's shared experience.

HOW DO WE KEEP AMERICA GREAT? Rick Baker, former mayor of St. Petersburg, Florida, provides a compelling—and challenging—answer: by making American cities great. And great cities are built first of all through strong leadership. During his two terms in

Read PDF Wingnuts How The Lunatic Fringe Is Hijacking America John P Avlon

office, Rick Baker worked toward a clear, uncompromising goal: to make St. Petersburg the best city in America. He led a downtown renaissance, rebuilt the most economically depressed area of the city, attracted businesses, worked to reduce violent crime, and made public schools a city priority—all with measurable results. The Seamless City offers practical advice, based on his nine years of experience in City Hall, to show how every mayor and city council can make their city dramatically better. In The Seamless City you'll step behind the scenes of city government to learn: How maintaining basic amenities, like running water, requires constant vigilance—and sometimes tough decisions on the part

Fifty percent of American voters define themselves as political moderates, two-thirds favor political solutions that come from the center of the political spectrum, and Independents outnumber both Democrats and Republicans. Bill Clinton and George W. Bush each explicitly used Centrist strategies to win the White House—and twenty-first-century candidates will be compelled to do the same. Independent Nation documents the rich history of the defining political movement of our time. Organized as a series of short and colorful political biographies, it offers an insightful and engaging analysis of the successes and failures of key Centrist leaders throughout the twentieth century. In the process, it demonstrates that Centrism

is not only a winning political strategy but an enlightened governing philosophy that best reflects the will of the people by putting patriotism ahead of partisanship and the national interest ahead of special interests.

When it comes to the vagaries of language in American politics, its uses and abuses, its absurdities and ever-shifting nuances, its power to confound, obscure, and occasionally to inspire, William Safire is the language maven we most readily turn to for clarity, guidance, and penetrating, sometimes lacerating, wit. Safire's Political Dictionary is a stem-to-stern updating and expansion of the Language of

Read PDF Wingnuts How The Lunatic Fringe Is Hijacking America John P Avlon

Politics, which was first published in 1968 and last revised in 1993, long before such terms as Hanging Chads, 9/11 and the War on Terror became part of our everyday vocabulary. Nearly every entry in that renowned work has been revised and updated and scores of completely new entries have been added to produce an indispensable guide to the political language being used and abused in America today. Safire's definitions--discursive, historically aware, and often anecdotal--bring a savvy perspective to our colorful political lingo. Indeed, a Safire definition often reads like a mini-essay in political history, and readers will come away not only with a fuller understanding of particular words but also a richer knowledge of how

Read PDF Wingnuts How The Lunatic Fringe Is Hijacking America John P Avlon

politics works, and fails to work, in America. From Axis of Evil, Blame Game, Bridge to Nowhere, Triangulation, and Compassionate Conservatism to Islamofascism, Netroots, Earmark, Wingnuts and Moonbats, Slam Dunk, Doughnut Hole, and many others, this language maven explains the origin of each term, how and by whom and for what purposes it has been used or twisted, as well as its perceived and real significance. For anyone who wants to cut through the verbal haze that surrounds so much of American political discourse, Safire's Political Dictionary offers a work of scholarship, wit, insiderhood and resolute bipartisanship.
