The Wireless Security Handbook provides a well-rounded overview of wireless network security. It examines wireless from multiple perspectives, including those of an auditor, security architect, and hacker. This wide scope benefits anyone who has to administer, secure, hack, or conduct business on a wireless network. This text tackles wirele

Here is Peter Mayle at his effervescent best—his master sleuth, Sam Levitt, eating, drinking, and romancing his way through the South of France even as he investigates a case of deadly intrigue among the Riviera's jet set. Billionaire Francis Reboul is taking in the view at his coastal estate, awaiting the arrival of vacationing friends Sam Levitt and Elena Morales, when he spies a massive yacht whose passengers seem a little too interested in his property. The yacht belongs to rapacious Russian tycoon Oleg Vronsky, who, for his own purposes, will stop at nothing to obtain Reboul's villa. When Reboul refuses to sell, Vronsky's methods quickly turn unsavory. Now it's up to Sam—he's saved Reboul's neck before—to negotiate with an underworld of mercenaries and hit men, not to mention the Corsican mafia, to prevent his friend from becoming a victim of Vronsky's "Russian diplomacy." The dire situation doesn't stop Sam and Elena from attending glamorous fêtes where the wines and starlets alike sparkle, and enjoying sumptuous meals—from multicourse revelations to understated delights like the first asparagus of the season, on which one must make a wish. But as Sam's sleuthing draws him closer to the truth of Vronsky's schemes, he realizes Reboul might not be the only one unable to enjoy the good life for long. Brimming with entertaining twists, sparkling scenery, and mouthwatering gustatory interludes as only Peter Mayle can write them, The Corsican Capèr is a one-way ticket to pleasure, Provençal style. From the Hardcover edition.

Sometimes evil has a familiar face . . . Paul Artisan, P.I. is a new version of an old breed -- a righter of wrongs, someone driven to get to the bottom of things. Too bad his usual cases are of the boring malpractice and fraud variety. Until now. His new gig turns on the disappearance of one of a pair of twins, adult scions of a rich but tragedy-prone family. The missing twin -- a charismatic poster-boy for irresponsibility -- has spent his life daring people to hate him, punishing himself endlessly for his screw-ups and misdeeds. The other twin -- Artisan's client -- is dutiful and resentful in equal measure, bewildered that his "other half" could have turned out so badly, and wracked by guilt at his inability to reform him. He has a more practical reason, as well, for wanting his brother found: their crazy father, in failing health and with guilty secrets of his own, will not divide the family fortune until both siblings are accounted for. But it isn't just a fortune that's at stake here. Truth itself is up for grabs, as the detective's discoveries seem to challenge everything we think we know about identity, and human nature, and family. As Artisan journeys across the globe to track down the bad twin, he seems to have moved into a mirror-world where friends and enemies have a way of looking very much alike. The P.I. may have his long-awaited chance to put his courage and ideals to the test, but if he doesn't get to the bottom of this case soon, it could very well cost him his life. Troup's long-awaited Bad Twin is a suspenseful novel that touches on many powerful themes, including the consequence of vengeance, the power of redemption, and where to turn when all seems lost. Bad Twin is a work of fiction and all names, characters and incidents are used fictitiously; the author himself is a fictional character.

The Lady of the Sorrows embarks on a perilous quest in a wild realm of magic and malevolence to reunite with her enigmatic lover and end a terrible war To save her loved ones from catastrophe, the Lady of the Sorrows urgently seeks to uncover the secrets of her past. Yet those mysteries, once revealed, will be more extraordinary and harrowing than she could have imagined. The lady journeys to the terrible fortress of the Raven Prince in Evernight, despite the Bitterbynde curse that is distorting her memories and the onset of a debilitating malady for which a cure may never be found. As a battle for the destiny of the world begins, the lady must make a fateful decision. If she reveals what she knows, she will liberate 2 worlds—or incite the downfall of everything she loves. The stunning conclusion to her acclaimed Bitterbynde Trilogy, The Battle of Evernight is the crowning literary achievement of author Cecilia Dart-Thornton, who has been praised as Australia's J. R. R. Tolkien. Lyrical and breathtaking, a bold and bittersweet fantasy born from ancient legends and folklore passed down through the ages, it is a magnificent contribution to the canon of Western fantasy literature.

Easy to follow instructions for installing and operating public wireless networks.

This oversized lift-the-flap board book of a child's first 101 words has big, clearly labeled photos of objects in a baby and toddler's world with an interactive puzzle activity on each spread. Identifying words and their meanings is an important foundational step in language development for babies and toddlers, and Highlights brings Fun with a Purpose® into this essential learning. Babies will love looking at and naming the photos in this sturdy book, while toddlers and parents will enjoy the lift-the-flap questions and answers that help them find the cute red bird hidden on each spread.

This work provides a unique service to historians by identifying over 150 places in Austria, Germany, France and the United States that are in some way associated with Adolf Hitler. The entry on Braunau am Inn (upper Austria) gives information on Hitler's birthplace, which is now a school for handicapped children. The entry for Klesheim Palace, built in 1700-1709 and renovated to Hitler's tastes for his guests, details such visitations as that of Benito Mussolini: On April 22, 1941, the two dictators met at the palace to discuss the Italian contribution to the war effort and German influence in Italy. Each entry contains background information on the site and Hitler's connection to it, including relevant biographical data. Much of the information is translated from German sources and has never been printed in English before. The sites are grouped within their cities and are thoroughly indexed for easy access to information on every site.

This handbook reveals those aspects of hacking least understood by network administrators. It analyzes subjects through a hacking/security dichotomy that details hacking maneuvers and defenses in the same context. Chapters are organized around specific components and tasks, providing theoretical background that prepares network defenders for the always-changing tools and techniques of intruders. Part I introduces programming, protocol, and attack concepts. Part II addresses subject areas (protocols, services, technologies, etc.) that may be vulnerable. Part III details consolidation activities that hackers may use following penetration.

2017 Edition of Cruising Vanuatu. The included code links to the free app which downloads all the digital info to your computer, phone and tablet. All the anchorages, the weather, the formalities, general information, videos, blogs, Facebook group, marinas, photos, charts, storm ports etc. Links to everything you could possibly need to know.
